The State CSBG Program implemented the Advisory Committee Meetings in FFY 2015. Through the advise of the network the name of the meeting has changed to the Quarterly Collaborative Partnership meeting. The purpose of these meetings are to offer the State Office, State Association and the eligible entities an opportunity to communicate face to face on policy, procedure, regulations, processes, concerns, changes, new initiatives, and programs. The draft State plan was sent to GCAA (State Association) and the eligible entities on April 01, 2020 for their review prior to the May 21, 2020 virtual interactive meeting with the network and State Association.

3.4b. Performance Management Adjustment: Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous plans in order to:

- 1) encourage eligible entity participation and
- 2) ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing.
If the State is not making any adjustments, provide further detail.

(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)

The State was rated in the ACSI a 64% decreasing 2 points from the previous results. In an effort to increase the communication surrounding the State Plans the State moved to an earlier discussion period with the eligible entities and allowed the State Association to review the plan along with the Network on April 21, 2020. To ensure that all the eligible entities had an opportunity to review and comment on the plan, all were sent the Plan prior to our April Advisory Committee meeting to give them time to thoroughly review the Plan to submit suggestions for changes, additions or updates. It also gave them an opportunity to speak among themselves to come up with suggestions or comments.

3.5. Eligible Entity Overall Satisfaction:

Provide the State's target for eligible entity Overall Satisfaction during the performance period:

Year One	69	Year Two
----------	----	----------

Instructional Note: The state's target score will indicate improvement or maintenance of the state's Overall Satisfaction score from the most recent American Customer Survey Index (ACSI) survey of the state's eligible entities.

(Note: Item 3.5 is associated with State Accountability Measure 8S and may pre-populate the State's annual report form)

As the State has elected to use the CSBG Organizational Standards Center of Excellence Standards, each eligible entity has completed an annual automated self-assessment in EasyTrak to denote the Agency's prowess in accordance with the Organizational Standards. The automated system tabulates the percentage of compliance based on the eligible entities response. The State office will reviewed the assessment completed by each eligible entity and shall compare the assessment with documentation uploaded in the system or requested. In areas whereby the eligible entity may be found to be less than 100% compliant, the State office will confer with the eligible entity to determine a course of action and/or assistance to meet the goal. As a part of the Quarterly Collaborative Partnership meetings, a significant portion of the CSBG discussion will be directed toward the CSBG Organizational Standards. Attendees include the State office, all eligible entities, State Association, and any invited guest that may assist in meeting the goal. Through the support of

the State office to the Association in its goal of ensuring Georgia has a roster of certified ROMA trainers, we anticipate good guidance in the standards as well improvement in meeting performance goals. In the State of Georgia, CSBG programs may receive an on-site monitoring visit at any time, with, or without notice during the contract period but no less than once every three (3) years. Additional visits may include activities such as: Providing consultation on programmatic issues Providing technical assistance, as needed Providing training, as requested Attendance at least one Board meeting or state association Quarterly Board Meeting Other reviews as appropriate Each eligible entity will be monitored to ensure compliance with CSBG program requirements via a monthly review of expenditure and programmatic reports. CSBG funds are distributed to all 23 eligible entities based on an existing formula previously adopted by Georgia Division of Family and Children Services and a committee of representatives of CSBG eligible entities. Currently no State legislative approval is required. A projected allocation is completed for each eligible entity using prior year funding; the funding amount for each agency is determined by the formula 65% of the base and 35% poverty rate of eligible entity service area. The projected allocation amount is shared with each eligible entity for their preparation of the upcoming years Community Action Plan (CAP) and program budget. The CAP, budget and all other required contract documents are submitted to CSBG State Office for review and approval. After review and approval of eligible entity submission additional contract documents are prepared by internal CSBG State Office state then submitted to our internal Office of Contracts and Procurement for contract development, quality review, and leadership signature. Once contracts have been signed by level one leadership, they are then sent to eligible entity for review, approval, and signature as determined by the entity by laws. Once signatures are obtained at the eligible entity level contracts are returned to CSBG State Office and rerouted to the internal Office of Contracts and Procurement for final review before contract are routed for contract execution. After the execution of contracts, purchase orders are generated, if an eligible entity has requested a portion of their 90% to be advanced the requests are processed and funds are disbursed. The advanced funds are recovered in 1/3 portions within 3 consecutive months of the program year. The remaining amount allocated to the eligible entities is available based on reimbursement requests that are submitted on a 30 day cycle.

7.4. Distribution Timeframe:

Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? Yes
 No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

7.5. Performance Management Adjustment:

Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.

Based on the results of the ACSI, our eligible entities have expressed their concerns with the State's administrative arm's understanding of the urgency and mandate to deliver contracts and funding expeditiously. In an attempt to address their concern, the program has met with the Budget, Contracts, and Accounts Payable departments to ensure that they are aware of the need to execute contracts prior to the beginning of the FFY, to disburse funds within 30 days of the federal award, and to pay expenditures within the contractual time frames. We have put a review system in place to facilitate the on time submissions of expenditure and programmatic reports from all CAAs, which includes a potential finding should they continuously neglect to submit reports on time.

<p>Upon the recommendation from the statewide network the State is using the same performance adjustments as in previous years plan. The State has added that there will be one period throughout the fiscal year to submit proposals at the request of the network. In the ACSI results there were several comments concerning the use of discretionary funds. Comments from the network included a great concern in being able to obtain 40% of leverage funds in order to be approved for a project. The State responded to the network's request and eliminated the requirement to obtain 40% leverage funding. Upon the analysis of the ACSI results the State office created a new Discretionary funds process as follows: The State will continue to use the Discretionary funds for innovative projects, technical assistance, and improved communication initiatives. Five percent (5%) of the State's annual CSBG allotted funds will be reserved to fund state discretionary projects for special innovative and demonstration projects. Each year, the State will issue a notice of funding availability and fund projects that target assistance to low-income populations. Discretionary funds are open to all eligible entities. The following requirements must be met to be considered for the award: The applying agency must be deemed a CSBG eligible entity A current Community Needs Assessment demonstrating a need for the intended program A completed application for discretionary funds with a projected budget A program proposal detailing a two year plan to sustain the program without the use of discretionary funds Most recent third-party audit Applications for Discretionary funds will be accepted through-out the fiscal year. Completed applications will go before an applications committee to be reviewed and ranked. Incomplete applications will not be reviewed. Applicants will be notified of approval or denial in writing within forty-five (45) days of a complete application submission or when funding is available. No verbal approvals will be given for Discretionary funds. Applications denied for budget reasons will remain on file for that fiscal year. If funds become available the State will notify the eligible entity. Priority will be given to those projects with the most significant impact and working towards the goals of the State Plan. Projects may be renewed for up to an additional year. Consideration will be given to those eligible entities who have not been awarded a discretionary project. Applicants seeking renewal must go through the entire application process for the renewal request. Renewals will not be guaranteed. Projects will be monitored with desk-reviews and/or on-site monitoring reviews for each project. Any unspent funds will be distributed to all eligible entities.</p>
