SECTION 3 State Plan Development and Statewide Goals

The Community Services Block Grant (CSBG) is administered through a contractual agreement with a statewide network of twenty (20) non-profit community action agencies and four (4) county governments designated as eligible entities.

Goal 1 To support innovative programs and activities conducted by eligible entities or other neighborhood-based organizations to eliminate poverty, promote self-sufficiency, and promote community revitalization; and support other activities, consistent with the purposes of the CSBG Act through discretionary funds.

Goal 2. Analyze the distribution of funds made available to the Eligible Entities to determine if such funds have been targeted to the areas of the greatest need according to the Community Needs Assessment.

(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)

The State CSBG Program implemented the Advisory Committee Meetings in FFY 2015. Through the advice of the network the name of the meeting has changed to the Quarterly Collaborative Partnership meeting. The purpose of these meetings is to offer the State Office, State Association and the eligible entities an opportunity to communicate face to face on policy, procedure, regulations, processes, concerns, changes, new initiatives, and programs. The draft State plan was sent to GCAA (State Association) and the eligible entities on March 21, 2018 for their review prior to the May 04, 2018 face to face meeting. The State dedicated two hours of the April Collaborative Partnership meeting to the discuss the State Plan with the network. At that time the State provided information and accepted comments and suggestions and updated the State Plan according to the networks input.

If this is the first year filling out the automated State Plan, skip the following question.

3.4b. Performance Management Adjustment:

How has the State adjusted State Plan development procedures under this State Plan, as compared to past plans, in order

- 1) to encourage eligible entity participation and
- 2) to ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.

(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and may pre-populate the State's annual report form)

The State was rated in the ACSI a 66% increasing 24 points from the previous results. In an effort to increase the communication surrounding the State Plans the State moved to an earlier discussion period with the eligible entities and allowed the State Association to review the plan along with the Network on May 04, 2018. To ensure that all the eligible entities had an opportunity to review and comment on the plan, all were sent the Plan prior to our May Advisory Committee meeting to give them time to thoroughly review the Plan to submit suggestions for changes, additions or updates. It also gave them an opportunity to speak among themselves to come up with suggestions or comments

If this is the first year filling out the automated State Plan, skip the following question.

6.4a. Describe the assessment process.

As the State has elected to use the CSBG Organizational Standards Center of Excellence Standards, each eligible entity has completed an annual automated self-assessment in EasyTrak to denote the Agency's prowess in accordance with the Organizational Standards. The automated system tabulates the percentage of compliance based on the eligible entities response. The State office reviewed the assessment completed by each eligible entity and compared the assessment with documentation uploaded in the system or requested. In areas whereby the eligible entity may be found to be less than 100% compliant, the State office will confer with the eligible entity to determine a course of action and/or assistance to meet the goal. As a part of the Quarterly Collaborative Partnership meetings, a significant portion of the CSBG discussion will be directed toward the CSBG Organizational Standards. Attendees include the State office, all eligible entities, State Association, and any invited guest that may assist in meeting the goal. Through the support of the State office to the Association in its goal of ensuring Georgia has a roster of certified ROMA trainers, we anticipate good guidance in the standards as well improvement in meeting performance goals. In the State of Georgia, CSBG programs may receive an on-site monitoring visit at any time, with, or without notice during the contract period but no less than once every three (3) years. Additional visits may include activities such as: Providing consultation on programmatic issues Providing technical assistance, as needed Providing training, as requested Attendance at least one Board meeting or state association Quarterly Board Meeting Other reviews as appropriate Each eligible entity will be monitored to ensure compliance with CSBG program requirements via a monthly review of expenditure and programmatic reports. Additional information may be requested for the purpose of conducting a desk review of eligible entity activities.

If this is the first year filling out the automated State Plan, skip the following question.

6.6. Performance Target: What percentage of eligible entities in the State does the State expect will meet all the State-adopted organizational standards in the next year? (Provide as a percentage) 80%

7.3. Distribution Process:
Describe the specific steps in the State's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about State legislative approval or other types of administrative approval (such as approval by a board or commission).

CSBG funds are distributed to all 24 eligible entities based on an existing formula previously adopted by Georgia Division of Family and Children Services and a committee of representatives of CSBG eligible entities. Currently no State legislative approval is required. A projected allocation is completed for each eligible entity using prior year funding; the funding amount for each agency is determined by the formula 65% of the base and 35% poverty rate of eligible entity service area. The projected allocation amount is shared with each eligible entity for their preparation of the upcoming years Project Application Plan (PAP) and program budget. The PAP, budget and all other required contract documents are submitted to CSBG State Office for review and approval. After review and approval of eligible entity submission additional contract documents are prepared by internal CSBG State Office state then submitted to our internal Office of Contracts and Procurement for contract development, quality review, and leadership signature. Once contracts have been signed by level one leadership, they are then sent to eligible entity for review, approval, and signature as determined by the entity by laws. Once signatures are obtained at the eligible entity level contracts are returned to CSBG State Office and rerouted to the internal Office of Contracts and Procurement for final review before contract are routed for contract execution. After the execution of contracts, purchase orders are generated, if an eligible entity has requested a portion of their 90% to be advanced the requests are processed and funds are disbursed. The advanced funds are recovered in 1/3 portions within 3 consecutive months of the program year. The remaining amount allocated to the eligible entities is available based on reimbursement requests that are submitted on a 30 day cycle.

7.4. Distribution Timeframe:
Does the State plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the Federal award? Yes No

7.4a. If no, describe State procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the State's annual report form.

If this is the first year filling out the automated State Plan, skip the following question.

7.5. Performance Management Adjustment:
How is the State improving grant and/or contract administration procedures under this State Plan as compared to past plans? Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the State's annual report form.

Based on the results of the ACSI, our eligible entities have expressed their concerns with the State's administrative arm's understanding of the urgency and mandate to deliver contracts and funding expeditiously. In an attempt to address their concern, the program has met with the Budget, Contracts, and Accounts Payable departments to ensure that they are aware of the need to execute contracts prior to the beginning of the FFY, to disburse funds within 30 days of the federal award, and to pay expenditures within the contractual time frames. We have put a review system in place to facilitate the on time submissions of expenditure and programmatic reports from all CAAs, which includes a potential finding should they continuously neglect to submit reports on time.

Administrative Funds [Section 675C(b)(2) of the CSBG Act]

7.6. What amount of State CSBG funds does the State plan to allocate for administrative activities, under this State plan? The estimate may be in dollars or a percentage \$ %

7.7. How many State staff positions will be funded in whole or in part with CSBG funds under this State Plan? 7

Remainder/Discretionary Funds [Section 675C(b) of the CSBG Act]

7.9. Does the State have remainder/discretionary funds? Yes No

If yes was selected, describe how the State plans to use remainder/discretionary funds in the table below.

Note: This response will link to the corresponding assurance, Item 14.2.

For each allowable use of remainder funds in the table below (rows a through h), enter the State's planned level of funding, if any, either in dollars or percentage, and provide a brief description. Activities funded under row a, training and technical assistance, do not require a description, as that is provided under section 8 of this State plan. Activities funded under rows b and c, are described under section 9, State Linkages and Communication, but a State may enter additional information in this table as well. The State must describe "innovative programs/activities by eligible entities or other neighborhood groups," under row f, even if the State does not allocate discretionary funds to this activity. This activity is required by section 676(b)(2) of the CSBG Act, assurance 14.2 If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the State provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between row a and row c. If allocation is not possible, the State may allocate the funds to the main category with which the activity is associated.

In the ACSI results there were several comments concerning the use of discretionary funds. Comments from the network included a great concern in being able to obtain 40% of leverage funds in order to be approved for a project. The State responded to the network's request and eliminated the requirement to obtain 40% leverage funding. Upon the analysis of the ACSI results the State office created a new Discretionary funds process as follows: The State will continue to use the Discretionary funds for innovative projects, technical assistance, and improved communication initiatives. Five percent (5%) of the State's annual CSBG allotted funds will be reserved to fund state discretionary projects for special innovative and demonstration projects. Each year, the State will issue a notice of funding availability and fund projects that target assistance to low-income populations. Discretionary funds are open to all eligible entities. The following requirements must be met to be considered for the award:
• The applying agency must be deemed a CSBG eligible entity
• A current Community Needs Assessment demonstrating a need for the intended program
• A completed application for discretionary funds with a projected budget
• A program proposal detailing a two year plan to sustain the program without the use of discretionary funds
• Most recent third-party audit
Applications for Discretionary funds will be accepted through-out the fiscal year. Completed applications will go before an applications committee to be reviewed and ranked. Incomplete applications will not be reviewed. Applicants will be notified of approval or denial in writing within forty-five (45) days of a complete application submission or when funding is available. No verbal approvals will be given for Discretionary funds. Applications denied for budget reasons will remain on file for that fiscal year. If funds become available, the State will notify the eligible entity. Priority will be given to those projects with the most significant impact and working towards the goals of the State Plan. Projects may be renewed for up to an additional year. Consideration will be given to those eligible entities who have not been awarded a discretionary project. Applicants seeking renewal must go through the entire application process for the renewal request. Renewals will not be guaranteed. Projects will be monitored with desk-reviews and/or on-site monitoring reviews for each project.

If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

Upon the completion of compliance reviews, the State will determine if any findings warrant a QIP and if the QIP will need to require Training and Technical Assistance (T&TA). The Eligible Entities are given the opportunity to submit their plans for improvement through their QIP. The State reviews the QIP and determines if it will be accepted as is, or if there is a need for additional training. If there is a need for training, the State will add the stipulation of T&TA to the QIP. In order to ensure that the needs of the Eligible Entities are addressed, the State will coordinate the necessary training for the Eligible Entities and they will be facilitated by the State office from resources of the State, the State Association, or resources from national organizations at the cost of the State through the use of Discretionary funds. Annually, at the State Association conference, the State will sponsor/offer at least one training session in an area needing attention as identified by compliance reviews, changes in regulation, or changes in processes. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

 3. For grantees other than individuals, Alternate I applies.

 4. For grantees who are individuals, Alternate II applies.

 5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

 8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their

impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
 - (b) Establishing an ongoing drug-free awareness program to inform employees about - -
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
 - (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
 - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will - -
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
 - (e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
 - (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -
 - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
 - (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a)The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b)If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
