- Part I: Definitions And Data Sources contained in Report**
- Part II: Safety Outcomes**
- Part III: Permanency/Well-being Outcomes**
- Part IV: Appendices**
 - A. Disposition of Investigations by Percentage**
 - B. Regional Charts of Outcome V (Trend of Unique Children in the Legal Custody of DFCS Under the Age of 18)**
 - C. Regional Charts of Outcome XIV: Stability Performance Coefficient (Number of Moves/Number of Days in Custody * 1000)**

***There are no revisions to this document to date.

SAFETY: Children are first and foremost, protected from abuse and neglect.

Outcome I: Child Protective Services Cases

Count of unique CPS Investigations and Family Preservation (Ongoing) stages open at any point during the month. Includes all cases active at some time during the month. Outcome is calculated 45 days prior to the date of report.

Outcome 1A: Family Support Cases Only: Count of unique Family Support stages open at any point during the month.

Outcome 1B: Family Preservation Cases Only: Count of unique Family Preservation stages open at any point during the month.

Outcome 1C: Investigation Cases Only: Count of unique Investigation stages open at any point during the month.

Sources: SHINES

Outcome II: Recurrence of Substantiated Child Maltreatment

Of all the children who were victims of substantiated maltreatment in the first 6 months of the year, the percentage that had substantiated maltreatment within the following 6 months. Outcome is calculated 45 days prior to the date of report. Each month is calculated as a rolling calendar year. *National Standard: less than or equal to 5.40%*

Source: SHINES

Outcome III: Disposition of Child Abuse and Neglect Reports

Chart reflects the disposition of reports received in a particular month. Data includes count of Family Support, Substantiated Investigations, Unsubstantiated Investigations and Screen-outs. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

Outcome IV: Subsequent Case-type of Investigations by Disposition

Chart reflects the disposition of investigations received in a particular month by the subsequent case type. Data includes count of Family Preservation (Substantiated and Unsubstantiated Open), Foster Care (Substantiated and Unsubstantiated Open), Substantiated and Unsubstantiated Closed. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

PERMANENCY: Children have permanency and stability in their living situations.

Outcome V: Number of Child Placement Services Cases

Count of unique children who were involved in an open Foster Care or Adoption stage during the month. In placement services each child who is the principal (PC) is considered a case.

Source: SHINES

Outcome VI: Children in the Legal Custody of DFCS Under the Age of 18

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month

Outcome VI - A: Children in the Legal Custody of DFCS Under the Age of 18 (Regional)

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month.

Source: SHINES

Outcome VII: Comparison of Foster Care Entries & Exits

Number of children who have entered foster care and number of children who have exited foster care during the month.

Total children at end of month show the number of children on the last day of the month.

Source: SHINES

Outcome VIII: Foster Care Re-entries

Of all the children who entered foster care, the percentage that were discharged from a prior episode of foster care within 12 months of the current foster care placement. National Standard: less than or equal to 8.60%.

Source: SHINES

Outcome IX: Foster Care Length of Stay

Percentage of children by number of months in foster care during each month.

Source: SHINES

PERMANENCY cont'd: Children have permanency and stability in their living situations.

Outcome X: Length of Time to Achieve Reunification

Percentage of children who exited care during the month through reunification with their family that reunified in less than 12 months from the date of their removal. National Standard: greater than or equal to 76.20%

Source: SHINES

Outcome XI: Children Placed with Relatives

Of all children in DFCS custody, the percentage that are placed with a relative or a relative foster home.

State Target: greater than or equal to 30.00%

Source: SHINES

Outcome XII: Extended Youth Services

Number of children ages 18 – 21 who remained in the custody of DFCS beyond their birth month.

Source: SHINES

Outcome XIII: Adoptions Finalized

The number of children whose adoption was finalized within each month..

Source: SHINES

Outcome XIII - A: Average Number of Months to Achieve Finalization

Of all children in Outcome XIII, the number of months from removal (entry into foster care) until exit due to adoption.

Source: SHINES

Outcome XIII - B: Percentage of Children in Foster Care Who Are in Permanent Custody (Adoption Eligible)

Count of unique children who were in the legal custody of DFCS (17 years of age and under) on the last day of the month who had a legal status of permanent court, permanent voluntary or joint custody permanent.

Source: SHINES

PERMANENCY cont'd: Children have permanency and stability in their living situations.

Outcome XIV: Stability Performance Coefficient (Number of Moves/Number of Days in Custody * 1000)

A calculated value based upon the ACF CFSR Round 3 which is part of Program Improvement. It is calculated from a rolling 12 month population of the entry cohort where the child remained in custody for over 8 days and was not 18 on the date of removal. The federal standard is 4.12.

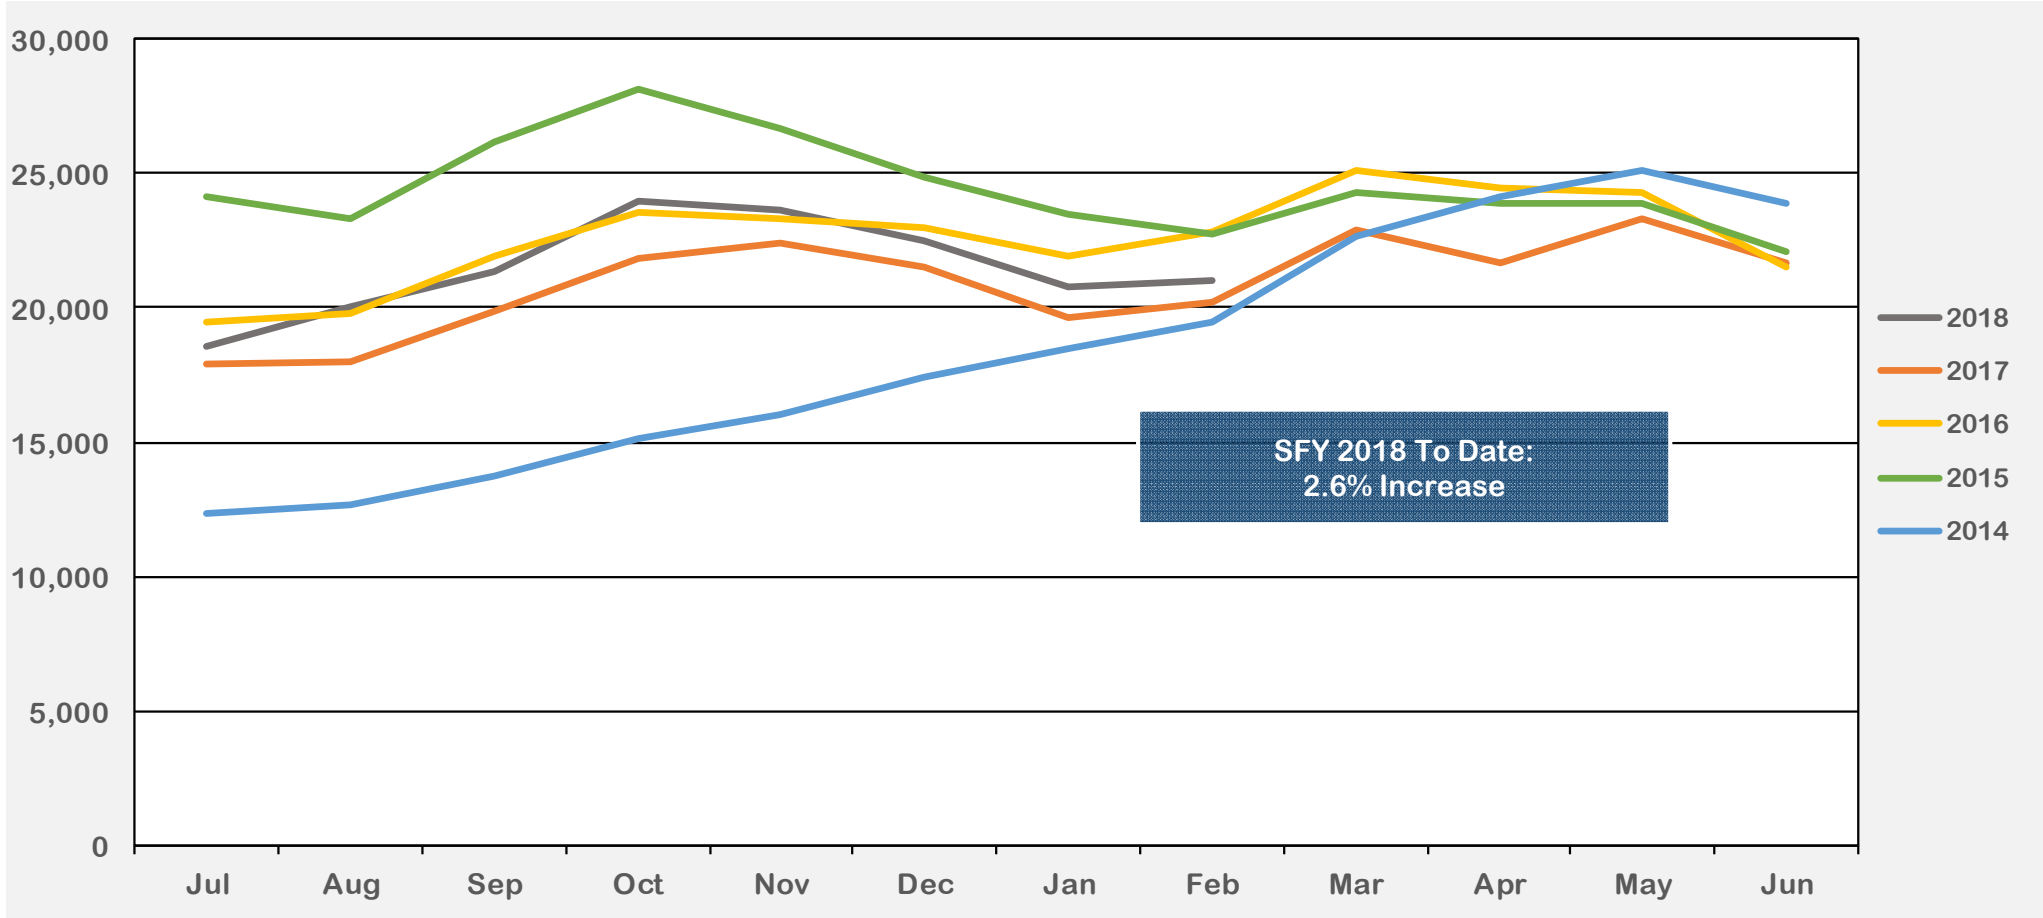

Source: SHINES

***Note: Data may vary from month to month due to 13 month data trends being re-run over the time span for the various outcomes in this report.*

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome I: Child Protective Services Cases (State Fiscal Year 2018 To Date)

The average for the State Fiscal Year 2018 To Date reveals an increase of 2.6% since last State Fiscal Year of total CPS Cases. During the month of February 2018, there was a slight increase in total cases of 1% since January 2018. Comparatively, Georgia had 4% increase in cases in February 2018 as compared to February 2017.

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	18,569	20,034	21,343	23,982	23,610	22,531	20,774	21,018					21,483	2.6%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome IB: Child Protective Services Cases Family Preservation Cases Only (State Fiscal Year 2018 To Date)

Through February 2018 (SFY 2018 to date), there was a 9.9% increase in the number of Family Preservation cases since SFY 2017. Caseloads decreased from August 2016 – October 2016 with case counts remaining constant through April 2017 and increasing for the final two months of SFY 2017. The data revealed that SFY 2017 has an average that is 16.7% lower than SFY 2016's average. State Fiscal Years 2016, 2017, and 2018 to date have consistently lower averages in Family Preservation Cases than SFY 2015.

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	4,439	4,471	4,479	4,608	4,631	4,628	4,625	4,465					4,543	9.9%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome IC: Child Protective Services Cases Investigation Cases Only (State Fiscal Year 2018 To Date)

Since the beginning of SFY 2018 Investigation cases have shown a 15.9% increase in average caseloads over SFY 2017. During July 2017, there was a 12% decrease over June 2017 cases, followed by increases in August through October of 32% and decreases through January 2018. February 2018 revealed a 5.6% increase over January 2018. Investigation cases declined during the first semester through February 2017 by 43% during SFY 2017. A similar trend is seen from SFY 2014 – SFY 2017 of an increase from February – March.

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	6,035	6,759	7,288	7,955	7,709	7,180	6,836	7,244					7,126	15.9%
2017	8,499	7,149	5,964	5,342	5,384	5,216	4,889	5,266	6,316	6,051	6,845	6,858	6,148	-37.6%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome III: Disposition of Child Abuse and Neglect Reports (February 2017 – February 2018)

Of the CPS cases that had a disposition during the month of February 2018: 41.3% were Family Support; 27.5% were screen outs; and 31.2% were Investigations. Only 19.9% of Investigations were substantiated. The overall yearly trend shows the number of CPS Dispositions resulting in Family Support cases were higher through February 2018. Dispositions of CPS Cases that were Screened Out cases, while lower than Family Support were less than investigations in June, July, August of 2017, and January through February 2018. Total investigations increased through March 2017 with fluctuations marked by an increase in August and October 2017, decreases in November and December 2017; and increases in January through February 2018. Comparatively, there were more investigations (33%) and substantiations (45%) in February 2018 than February 2017.

Outcome VI: Children in DFCS Custody Under the Age of 18 (March 2017 – March 2018)

The number of children in foster care under the age of 18 increased to 14,810 during March 2018. The following slides reveal that there were 890 entries and 579 exits. On the last day of March 2018, there were 14,231 children in custody from this population. Of those who entered custody during March 2018, fifty-six children (6.3%) had a prior episode within 12 months.

Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18
13,339	13,278	13,549	13,585	13,603	13,776	13,651	13,982	14,011	14,121	14,199	14,470	14,810

Outcome VI-A: Children in DFCS Custody Under the Age of 18 (Regional) (March 2017 – March 2018)

The number of children in Foster Care under the age of 18 during March 2018 was 14,810. Visually, you can see that Region 14 has the highest proportion of children in custody at any point in time. During March 2018, Region 14 had 1,672 children in DFCS custody followed by Region 1 with 1,513 children and Region 13 with 1,473 children. (for regional trends, see appendix). Region 1 showed the highest change in population counts from February 2018 to March 2018 (56) which represented an increase of 3.8% regionally.

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome VII: Comparison of Foster Care Entries and Exits (March 2017 – March 2018)

Multiple trends can be seen in this graph. There was an increase in the number of entries from June 2017 through August 2017 with a drop in September and November followed by increases through March 2018. Exits also increased from May 2017 through August 2017 with a decrease in September with rebounds in October 2017 through December 2017 and decreases in exits in the first three months of 2018. There was a net gain of 311 children who were removed from their homes versus those who were discharged from foster care which resulted in the overall population as of the last day of the month having a population increase of 2% from February 2018 to March 2018.

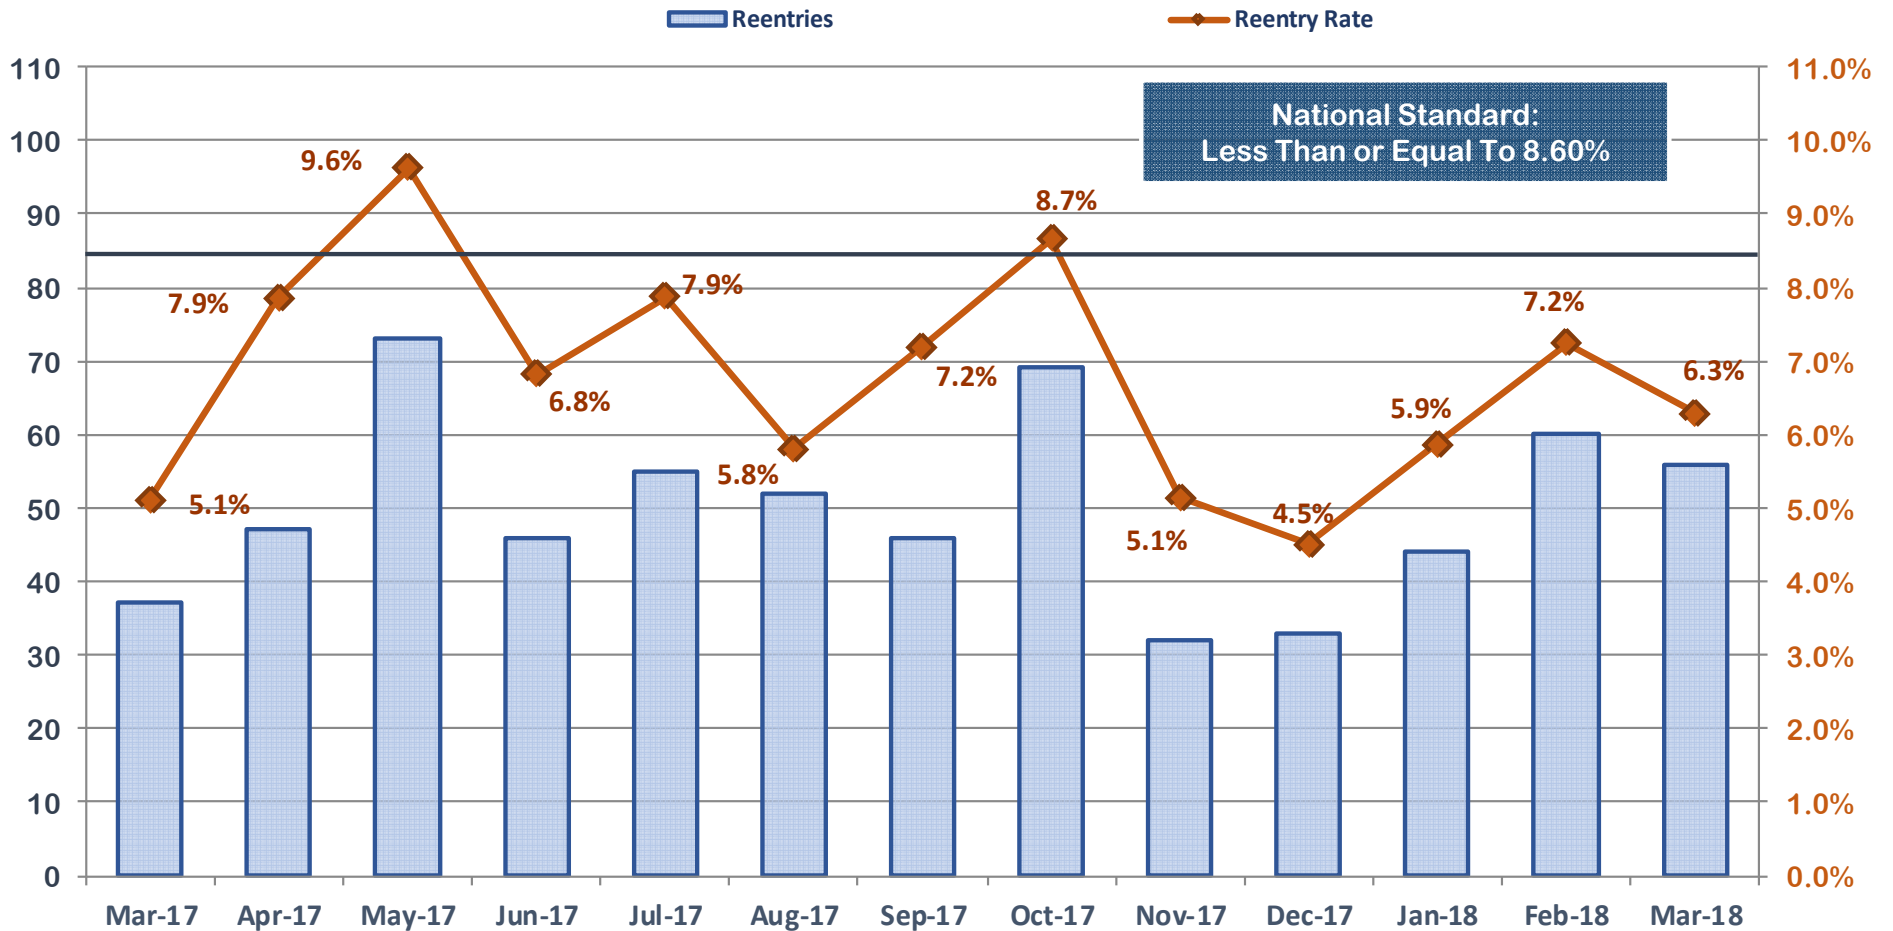

Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18

659	487	639	681	723	764	466	594	623	673	558	550	579

**Reentries that occur within the same month are not double counted in the entries and exits on this chart. This chart represents unique population and movement into custody during the month.

Outcome VIII: Foster Care Re-Entries (March 2017 – March 2018)

The reentry rates for May 2017 and October 2017 were over the national standard. The average number of children who reentered care in the last 3 months is 53. The reentry rate and number of reentries for March 2018 (6.3%) decreased both in ratio and actual counts compared to February 2018's ratio. The proportion of re-entries to entries increased during March 2018 compared to March 2017 revealing an increase in removals compared to March of last year.

Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18

Outcome XII: Extended Youth Services
(March 2017 – March 2018)

There were 679 children who remained in custody after their 18th birthday during March 2018.

Outcome XIII: Number of Finalized Adoptions (March 2017 – March 2018)

There were 106 foster children adopted during March 2018. This is an increase of 4% compared to March 2017. In the next graph, the average time to finalization in March 2017 was higher than the children who finalized in March 2018 by 2.4 months. There was a higher percentage of children in the permanent custody of DFCS after the finalizations in March 2017.

Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18
