- Part I: Definitions And Data Sources contained in Report**
- Part II: Safety Outcomes**
- Part III: Permanency/Well-being Outcomes**
- Part IV: Appendices**
 - A. Disposition of Investigations by Percentage**
 - B. Regional Charts of Outcome V (Trend of Unique Children in the Legal Custody of DFCS Under the Age of 18)**
 - C. Regional Charts of Outcome XIV: Stability Performance Coefficient (Number of Moves/Number of Days in Custody * 1000)**

**Document Revised on 2/22/2018.

SAFETY: Children are first and foremost, protected from abuse and neglect.

Outcome I: Child Protective Services Cases

Count of unique CPS Investigations and Family Preservation (Ongoing) stages open at any point during the month. Includes all cases active at some time during the month. Outcome is calculated 45 days prior to the date of report.

Outcome 1A: Family Support Cases Only: Count of unique Family Support stages open at any point during the month.

Outcome 1B: Family Preservation Cases Only: Count of unique Family Preservation stages open at any point during the month.

Outcome 1C: Investigation Cases Only: Count of unique Investigation stages open at any point during the month.

Sources: SHINES

Outcome II: Recurrence of Substantiated Child Maltreatment

Of all the children who were victims of substantiated maltreatment in the first 6 months of the year, the percentage that had substantiated maltreatment within the following 6 months. Outcome is calculated 45 days prior to the date of report. Each month is calculated as a rolling calendar year. *National Standard: less than or equal to 5.40%*

Source: SHINES

Outcome III: Disposition of Child Abuse and Neglect Reports

Chart reflects the disposition of reports received in a particular month. Data includes count of Family Support, Substantiated Investigations, Unsubstantiated Investigations and Screen-outs. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

Outcome IV: Subsequent Case-type of Investigations by Disposition

Chart reflects the disposition of investigations received in a particular month by the subsequent case type. Data includes count of Family Preservation (Substantiated and Unsubstantiated Open), Foster Care (Substantiated and Unsubstantiated Open), Substantiated and Unsubstantiated Closed. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

PERMANENCY: Children have permanency and stability in their living situations.

Outcome V: Number of Child Placement Services Cases

Count of unique children who were involved in an open Foster Care or Adoption stage during the month. In placement services each child who is the principal (PC) is considered a case.

Source: SHINES

Outcome VI: Children in the Legal Custody of DFCS Under the Age of 18

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month

Outcome VI - A: Children in the Legal Custody of DFCS Under the Age of 18 (Regional)

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month.

Source: SHINES

Outcome VII: Comparison of Foster Care Entries & Exits

Number of children who have entered foster care and number of children who have exited foster care during the month.

Total children at end of month show the number of children on the last day of the month.

Source: SHINES

Outcome VIII: Foster Care Re-entries

Of all the children who entered foster care, the percentage that were discharged from a prior episode of foster care within 12 months of the current foster care placement. National Standard: less than or equal to 8.60%.

Source: SHINES

Outcome IX: Foster Care Length of Stay

Percentage of children by number of months in foster care during each month.

Source: SHINES

PERMANENCY cont'd: Children have permanency and stability in their living situations.

Outcome X: Length of Time to Achieve Reunification

Percentage of children who exited care during the month through reunification with their family that reunified in less than 12 months from the date of their removal. National Standard: greater than or equal to 76.20%

Source: SHINES

Outcome XI: Children Placed with Relatives

Of all children in DFCS custody, the percentage that are placed with a relative or a relative foster home.

State Target: greater than or equal to 30.00%

Source: SHINES

Outcome XII: Extended Youth Services

Number of children ages 18 – 21 who remained in the custody of DFCS beyond their birth month.

Source: SHINES

Outcome XIII: Adoptions Finalized

The number of children whose adoption was finalized within each month..

Source: SHINES

Outcome XIV: Stability Performance Coefficient (Number of Moves/Number of Days in Custody * 1000)

A calculated value based upon the ACF CFSR Round 3 which is part of Program Improvement. It is calculated from a rolling 12 month population of the entry cohort where the child remained in custody for over 8 days and was not 18 on the date of removal. The federal standard is 4.12.

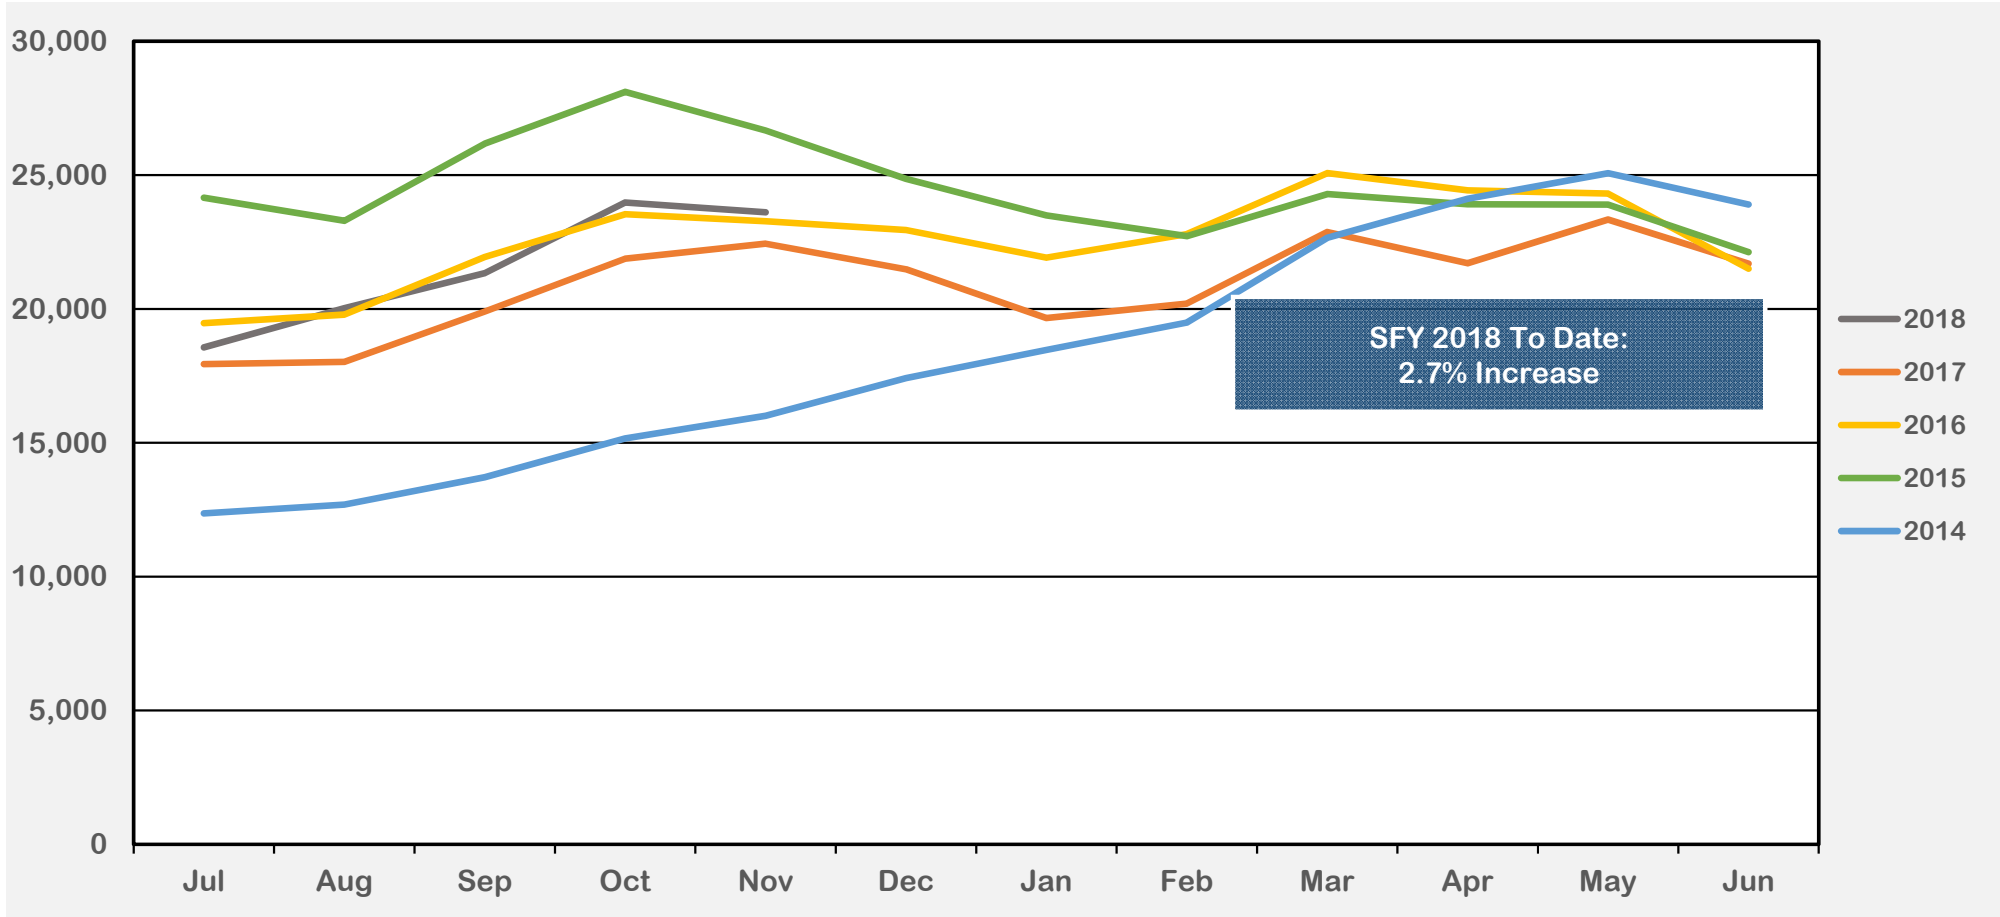

Source: SHINES (Not in Slide Deck)

***Note: Data may vary from month to month due to 13 month data trends being re-run over the time span for the various outcomes in this report.*

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome I: Child Protective Services Cases (State Fiscal Year 2018 To Date)

During the month of November 2017, there was a decrease in the total cases of 1.5% since October 2017. The average for the state fiscal year 2018 To Date reveals an increase of 2.7 % since last state fiscal year. Comparatively, Georgia had 5.2% increase in cases in November 2016 as compared to November 2017.

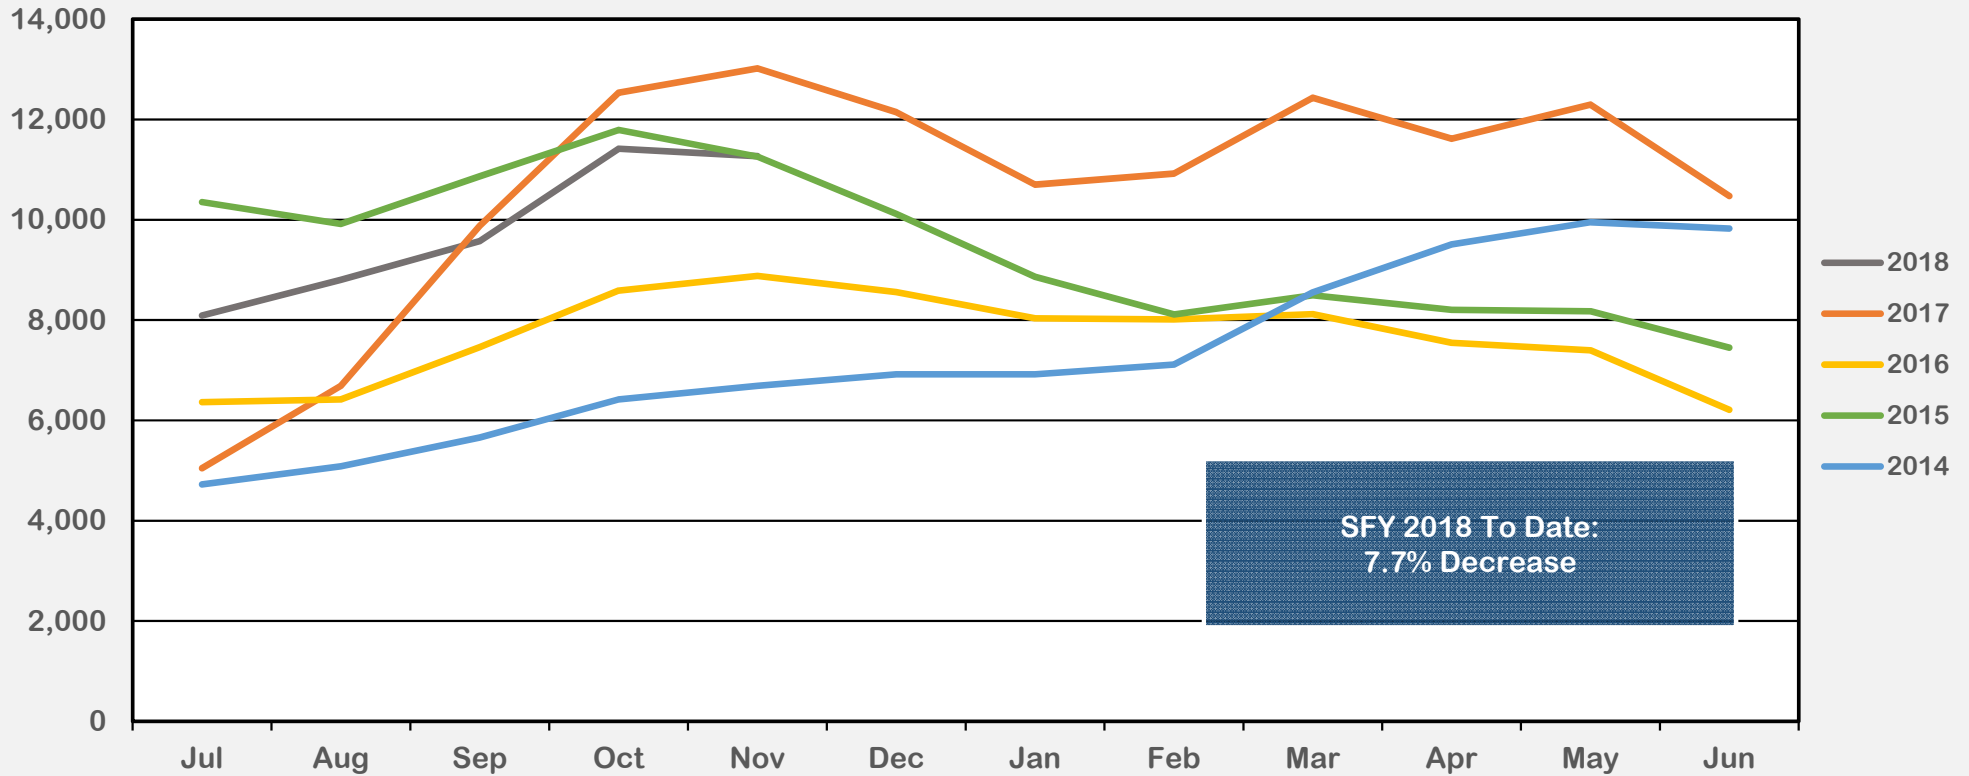

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	18,563	20,028	21,338	23,977	23,607								21,503	2.7%
2017	17,941	18,028	19,902	21,877	22,440	21,484	19,665	20,201	22,875	21,707	23,339	21,688	20,929	-7.3%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome IB: Child Protective Services Cases Family Preservation Cases Only (State Fiscal Year 2018 To Date)

Through November 2017 (SFY 2018 to date), there was a 9.4% increase in the number of Family Preservation cases since SFY 2017. Caseloads decreased from August 2016 – October 2016 with case counts remaining constant through April 2017 and increasing for the final two months of SFY 2017. The data revealed that SFY 2017 has an average that is 16.7% lower than SFY 2016's average. State Fiscal Years 2016, 2017, and 2018 to date have consistently lower averages in Family Preservation Cases than SFY 2015.

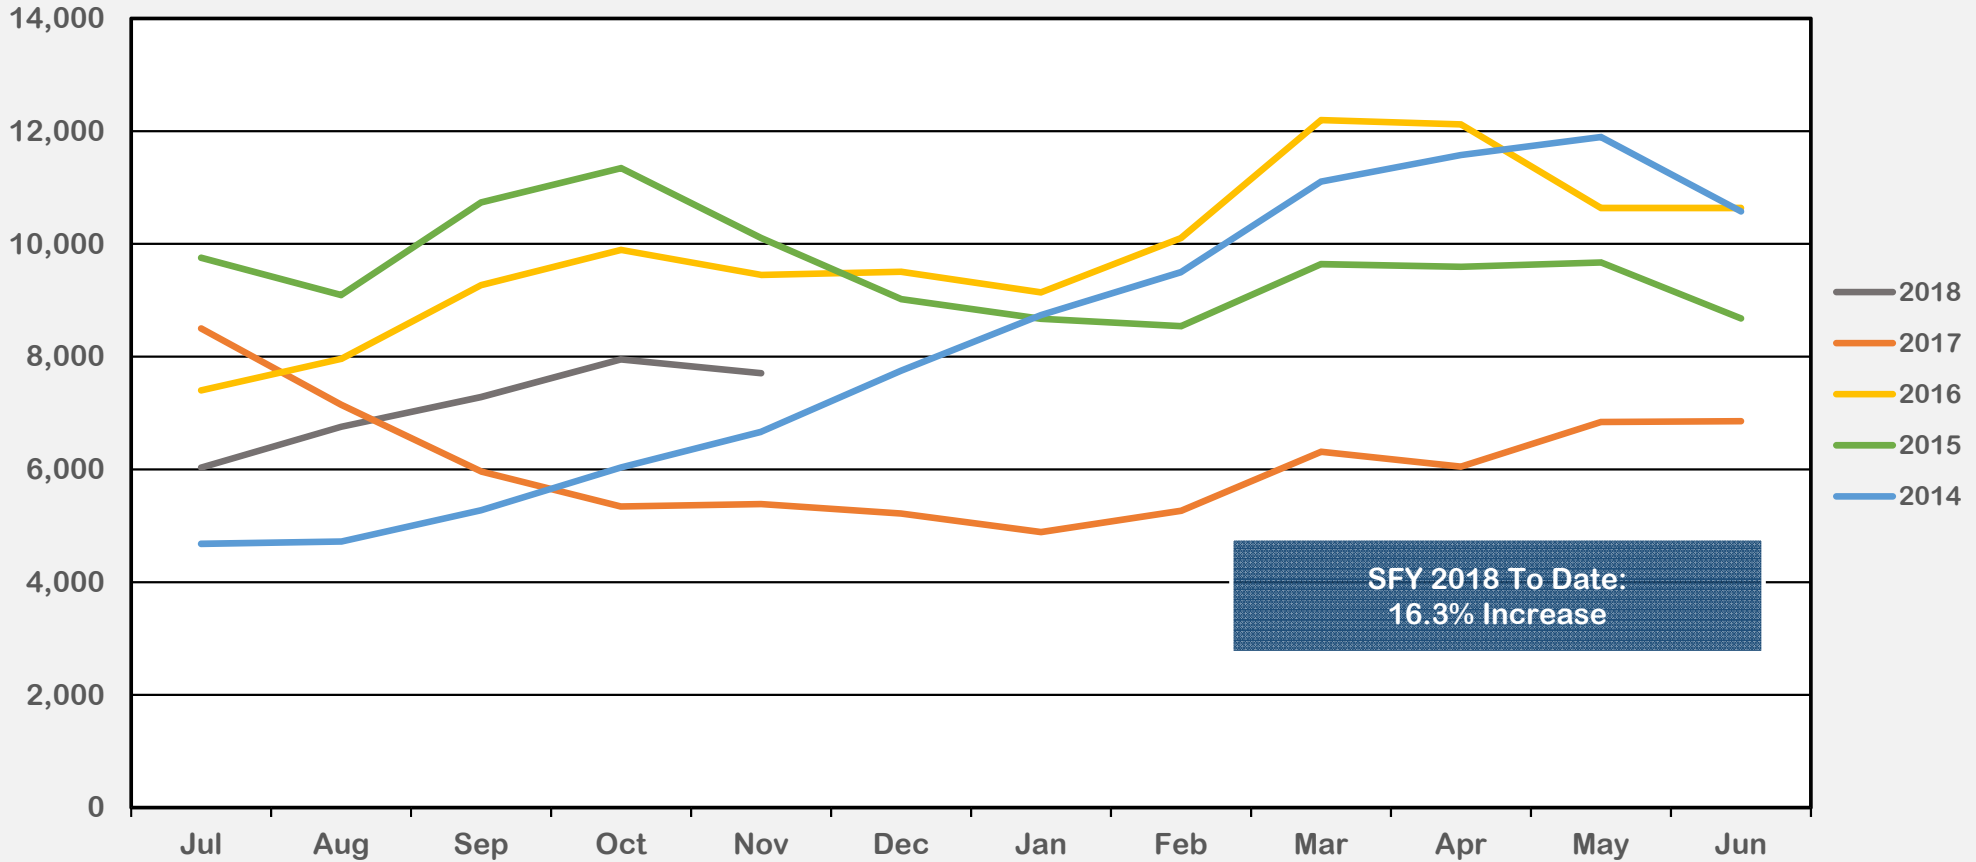

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	4,439	4,471	4,480	4,609	4,632								4,526	9.4%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome IC: Child Protective Services Cases Investigation Cases Only (State Fiscal Year 2018 To Date)

Since the beginning of SFY 2018 Investigation cases have shown a 16.3% increase in average caseloads over SFY 2017. During July 2017, there was a 12% decrease over June 2017 cases, followed by increases in August through October of 32% and a 3% decrease in November 2017. Investigation cases declined during the first semester through January 2017 by 43% during SFY 2017. A similar trend is seen from SFY 2014 – SFY 2017 of an increase from February – March.

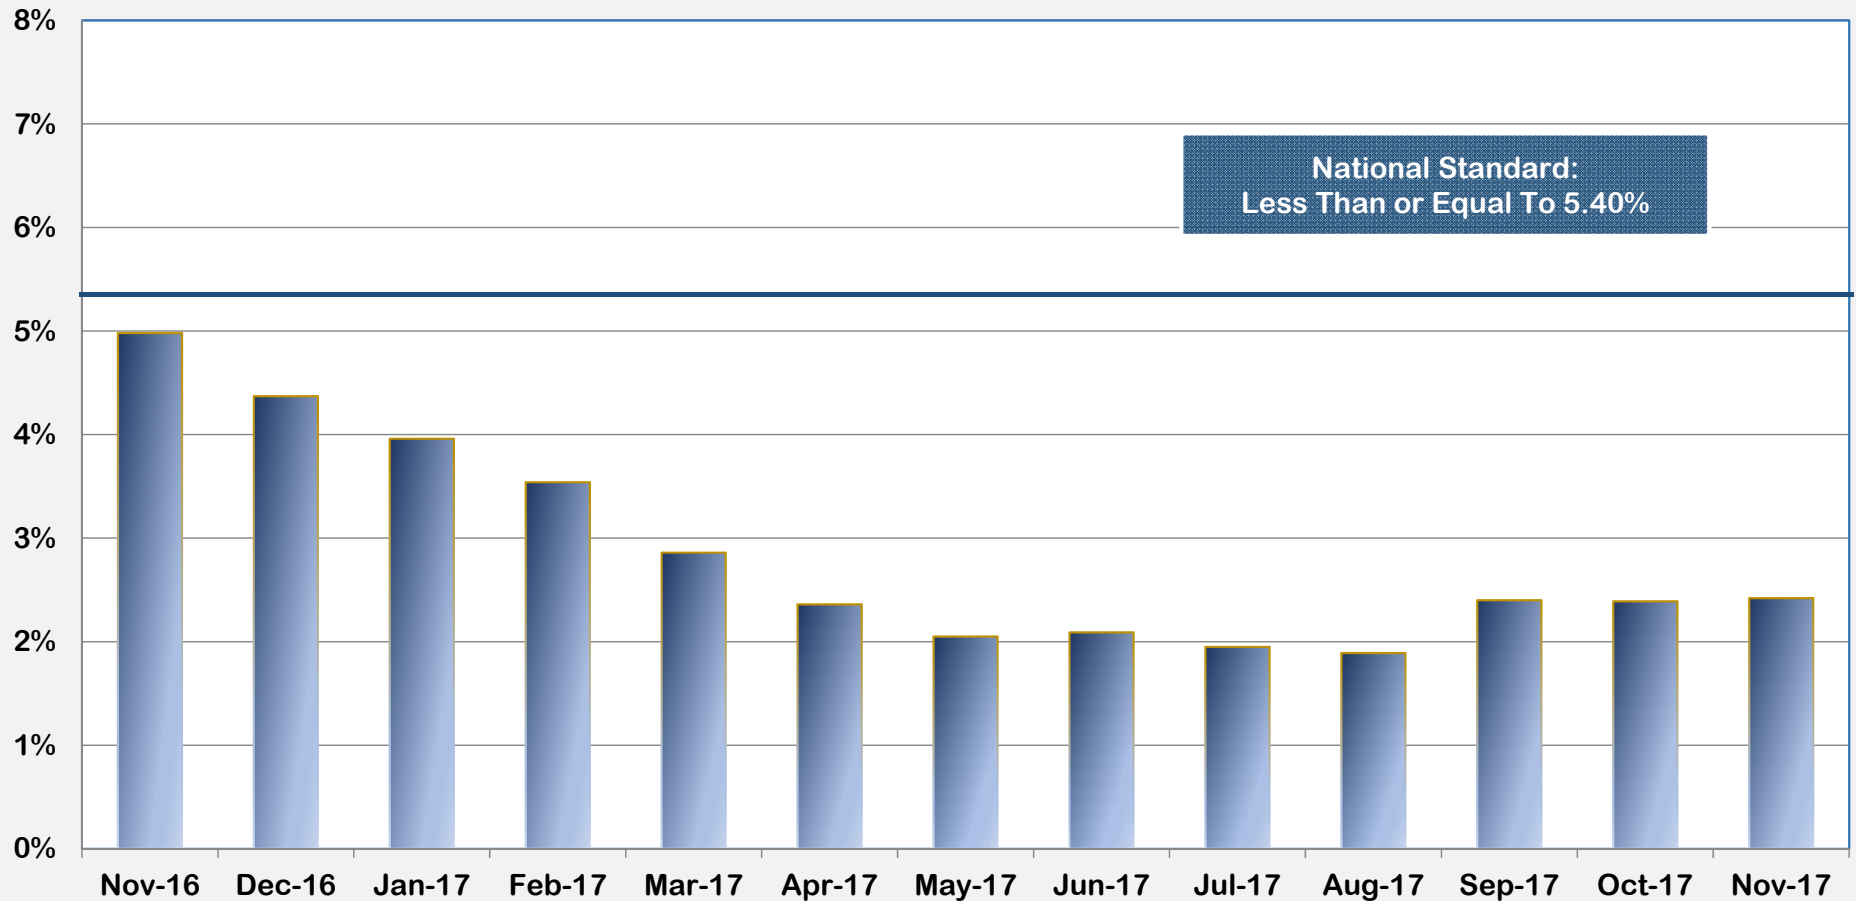

State FY	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Average	% Change
2018	6,032	6,756	7,285	7,952	7,707								7,146	16.3%
2017	8,499	7,149	5,964	5,342	5,384	5,216	4,888	5,264	6,314	6,049	6,842	6,855	6,147	-37.7%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome II: Recurrence of Substantiated Child Maltreatment (November 2016 – November 2017)

The trend below reveals a decrease in the number of repeated substantiated incidents of child maltreatment. During November 2016, Georgia was slightly below the national standard of 5.4%. One year later this ratio is reduced by over 51% reflecting many effective changes that have been implemented in Child Protective Services.

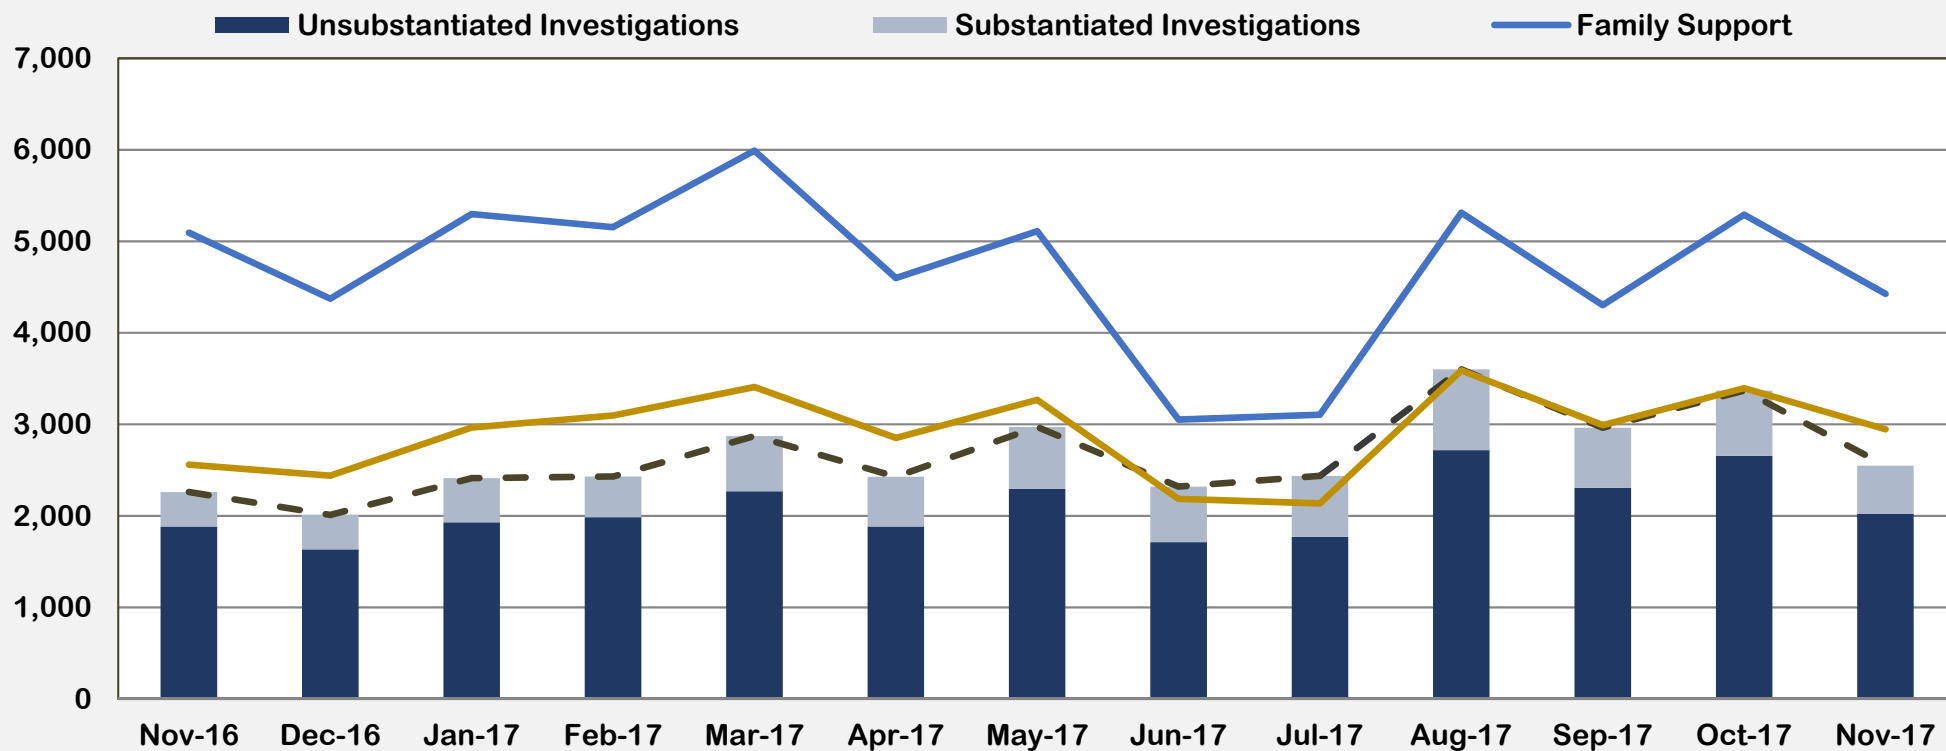

Nov-16	Dec-16	Jan-17	Feb-17	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17
4.98%	4.37%	3.96%	3.54%	2.86%	2.36%	2.05%	2.09%	1.95%	1.89%	2.40%	2.39%	2.42%

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome III: Disposition of Child Abuse and Neglect Reports (November 2016 – November 2017)

Of the CPS cases that had a disposition during the month of November 2017, 44.6% were Family Support, 29.7% were screen outs, and 25.7% were Investigations. Only 20.6% of the Investigations were substantiated. The overall yearly trend shows the number of CPS Dispositions resulting in Family Support cases were significantly higher through June 2017. Dispositions CPS Cases that were Screened Out cases, while lower than Family Support were less than investigations in June, July and August 2017. Conversely, total investigations declined during the first two months through December 2017, followed by increases through March 2017, followed by fluctuations of decreases and increases through November 2017.

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome VI-A: Children in DFCS Custody Under the Age of 18 (Regional) (December 2016 – December 2017)

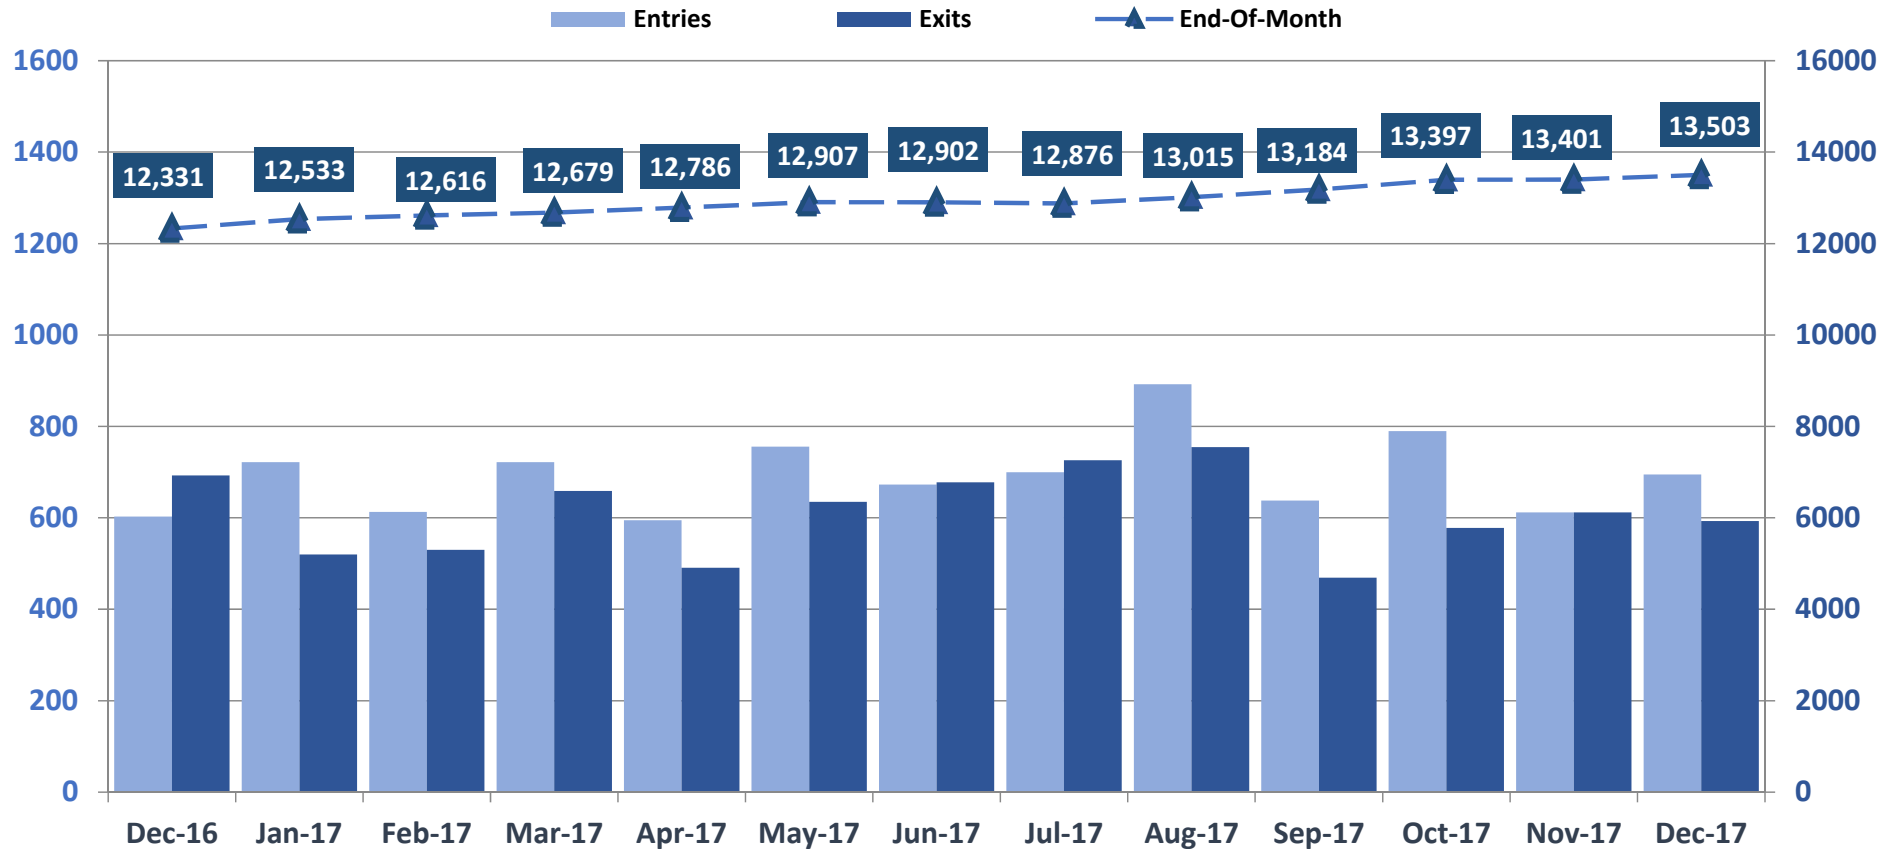

The number of children in Foster Care under the age of 18 during December 2017 was 14,096. Visually, you can see that Region 14 has the highest proportion of children in custody at any point in time. During December 2017, Region 14 had 1,577 children in DFCS custody followed by Region 1 with 1,413 children and Region 13 with 1,402 children. (for regional trends, see appendix). Region 1 showed the highest change in population counts from November 2017 to December 2017 (41) which represented a 3% increase regionally.

DIVISION OF FAMILY & CHILDREN SERVICES

Outcome VII: Comparison of Foster Care Entries and Exits (December 2016 – December 2017)

Multiple trends can be seen in this graph. There was an increase in the number of entries from June 2017 through August 2017 with a drop in September followed by fluctuations through December 2017. Exits also increased from May 2017 through August 2017 with a decrease in September and rebounds in October 2017 and November 2017. There was a net gain of 102 children who were removed from their homes versus those who were discharged from foster care which resulted in the overall population as of the last day of the month having an increase of 102 children from November 2017 to December 2017.

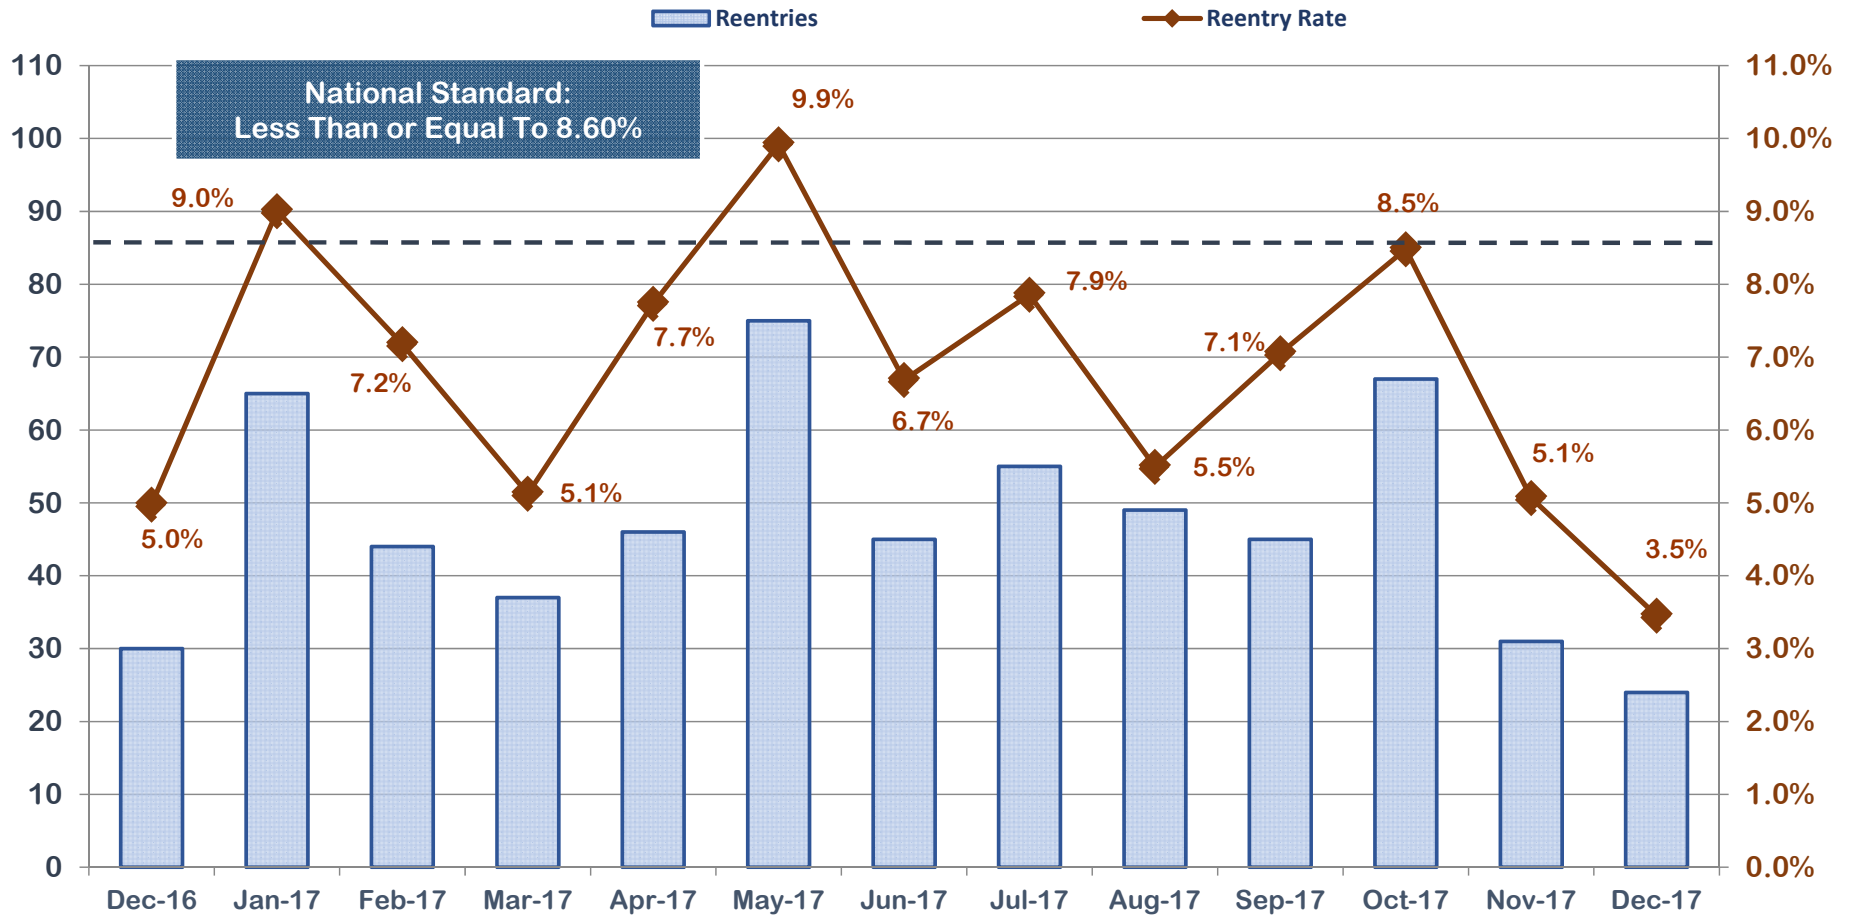

Dec-16	Jan-17	Feb-17	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17

693	520	530	659	491	635	678	726	755	469	578	612	593

**Reentries that occur within the same month are not double counted in the entries and exits on this chart. This chart represents unique population and movement into custody during the month.

Outcome VIII: Foster Care Re-Entries (December 2016 – December 2017)

Reentries into foster care improved during December 2016 followed by a spike revealing that the number of re-entries increased over 100%. The re-entry rate and number of reentries for December 2017 (3.5%) decreased both in ratio and actual counts compared to November 2017's ratio. The number and proportion of re-entries to entries decreased during December 2017 compared to December 2016.

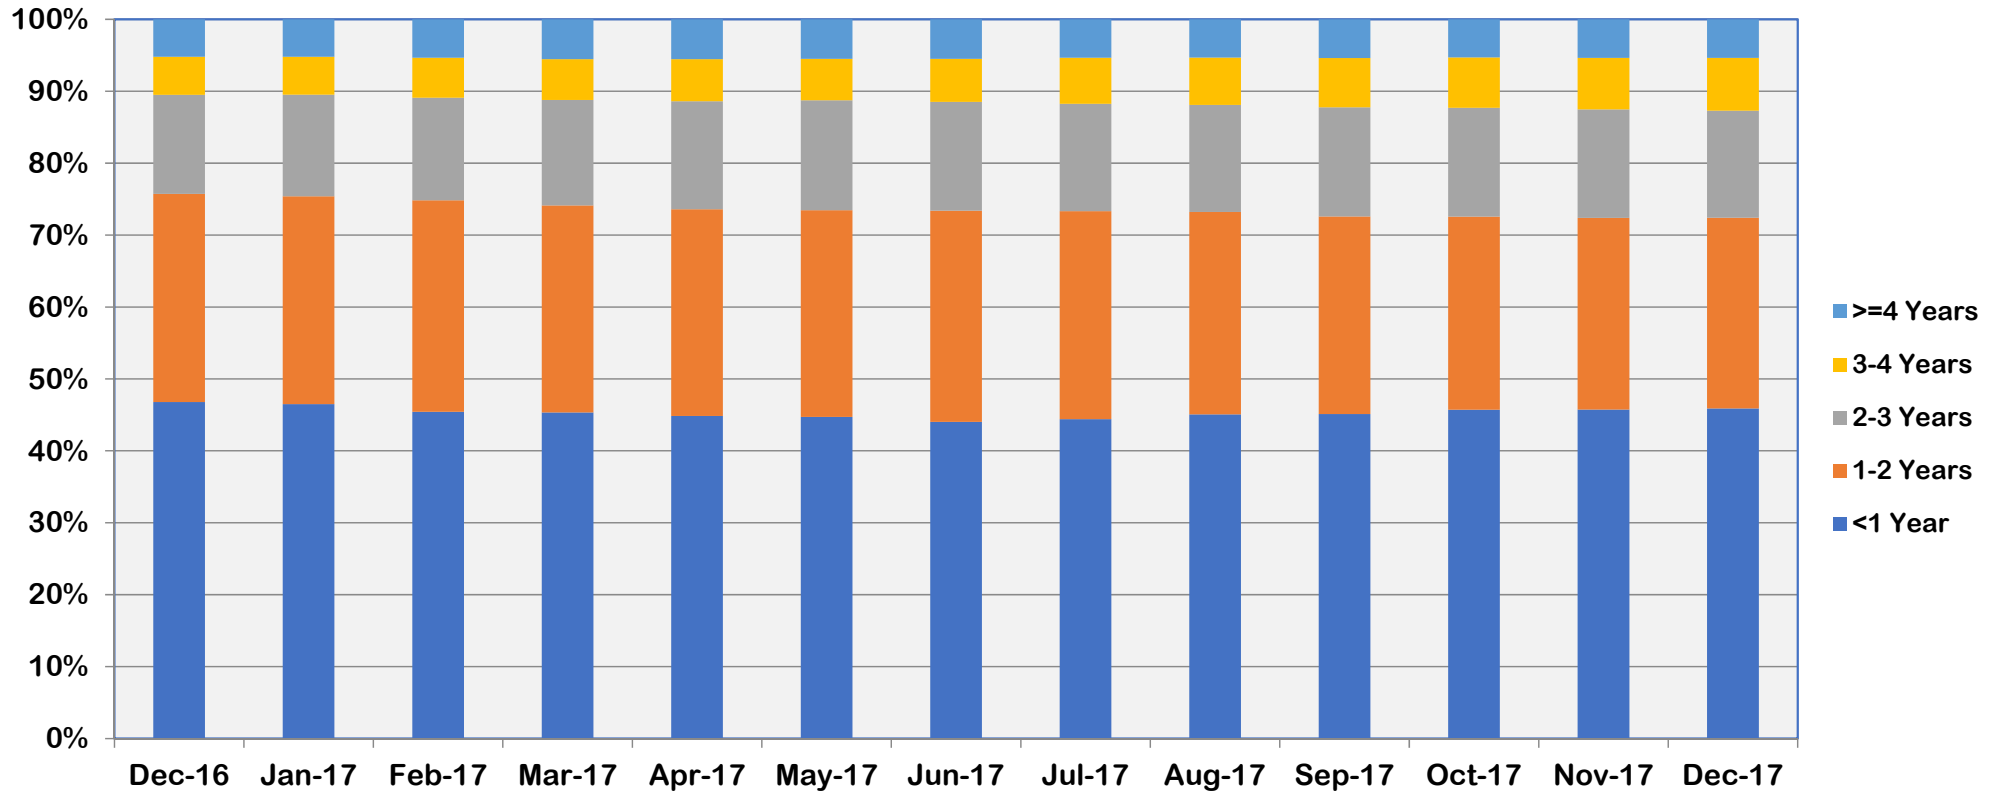

Dec-16	Jan-17	Feb-17	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17
