***Note: Data may vary from month to month due to 13 month data trends being re-run over the time span for the various outcomes in this report.*

Outcome I: Child Protective Services Cases (State Fiscal Year 2017 to Date)

The decline in CPS cases towards the end the last quarter of FFY 2017, continued during the month of January. Because the number of Family Support cases decreased from 12,530 in October 2016 to 10,691 (15% decrease) in January 2017, the trend is also reflected in the overall trend. Both Family Preservation and Investigation cases had a decrease of 2% and 8%, respectively, since the beginning of the last quarter.
