DIVISION OF FAMILY & CHILDREN SERVICES

SAFETY: Children are first and foremost, protected from abuse and neglect.

Outcome I: Child Protective Services Cases

Count of unique CPS Investigations and Family Preservation (Ongoing) stages open at any point during the month. Includes all cases active at some time during the month. Outcome is calculated 45 days prior to the date of report.

Outcome 1A: Family Support Cases Only: Count of unique Family Support stages open at any point during the month.

Outcome 1B: Family Preservation Cases Only: Count of unique Family Preservation stages open at any point during the month.

Outcome 1C: Investigation Cases Only: Count of unique Investigation stages open at any point during the month.

Sources: SHINES

Outcome II: Recurrence of Substantiated Child Maltreatment

Of all the children who were victims of substantiated maltreatment in the first 6 months of the year, the percentage that had substantiated maltreatment within the following 6 months. Outcome is calculated 45 days prior to the date of report. Each month is calculated as a rolling calendar year. *National Standard: less than or equal to 5.40%*

Source: SHINES

Outcome III: Disposition of Child Abuse and Neglect Reports

Chart reflects the disposition of reports received in a particular month. Data includes count of Family Support, Substantiated Investigations, Unsubstantiated Investigations and Screen-outs. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

Outcome IV: Subsequent Case-type of Investigations by Disposition

Chart reflects the disposition of investigations received in a particular month by the subsequent case type. Data includes count of Family Preservation (Substantiated and Unsubstantiated Open), Foster Care (Substantiated and Unsubstantiated Open), Substantiated and Unsubstantiated Closed. Outcome is calculated 45 days prior to the date of report.

Source: SHINES

DIVISION OF FAMILY & CHILDREN SERVICES

PERMANENCY: Children have permanency and stability in their living situations.

Outcome V: Number of Child Placement Services Cases

Count of unique children who were involved in an open Foster Care or Adoption stage during the month. In placement services each child who is the principal (PC) is considered a case.

Source: SHINES

Outcome VI: Children in the Legal Custody of DFCS Under the Age of 18

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month

Outcome VI - A: Children in the Legal Custody of DFCS Under the Age of 18 (Regional)

Count of unique children who were in the legal custody of DFCS (17 years of age and under) at some point during the month.

Source: SHINES

Outcome VII: Comparison of Foster Care Entries & Exits

Number of children who have entered foster care and number of children who have exited foster care during the month. Total children at end of month show the number of children on the last day of the month.

Source: SHINES

Outcome VIII: Foster Care Re-entries

Of all the children who entered foster care, the percentage that were discharged from a prior episode of foster care within 12 months of the current foster care placement. National Standard: less than or equal to 8.60%.

Source: SHINES

Outcome IX: Foster Care Length of Stay

Percentage of children by number of months in foster care during each month.

Source: SHINES

DIVISION OF FAMILY & CHILDREN SERVICES

PERMANENCY cont'd: Children have permanency and stability in their living situations.

Outcome X: Length of Time to Achieve Reunification

Percentage of children who exited care during the month through reunification with their family that reunified in less than 12 months from the date of their removal. National Standard: greater than or equal to 76.20%

Source: SHINES

Outcome XI: Children Placed with Relatives

Of all children in DFCS custody, the percentage that are placed with a relative or a relative foster home.

State Target: greater than or equal to 30.00%

Source: SHINES

Outcome XII: Extended Youth Services

Number of children ages 18 – 21 who remained in the custody of DFCS beyond their birth month.

Source: SHINES

Outcome XIII: Adoptions Finalized

The number of children whose adoption was finalized within each month..

Source: SHINES

Outcome XIII - A: Average Number of Months to Achieve Finalization

Of all children in Outcome XIII, the number of months from removal (entry into foster care) until exit due to adoption.

Source: SHINES

Outcome XIII - B: Percentage of Children in Foster Care Who Are in Permanent Custody (Adoption Eligible)

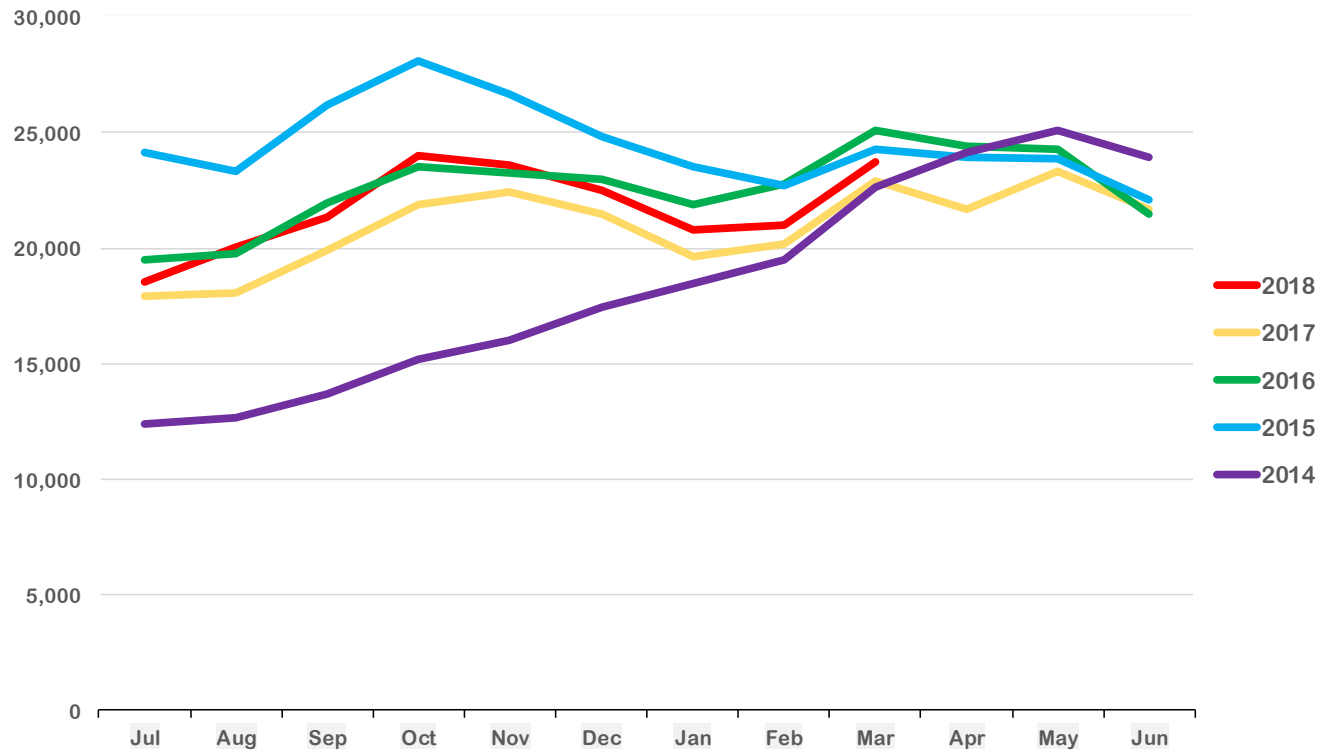

Count of unique children who were in the legal custody of DFCS (17 years of age and under) on the last day of the month who had a legal status of permanent court, permanent voluntary or joint custody permanent.

Outcome IC: Child Protective Services Cases Investigation Cases Only (State Fiscal Year 2018 To Date)

DIVISION OF FAMILY & CHILDREN SERVICES

What percentage of children had a subsequent substantiated incident of maltreatment within 6 months?

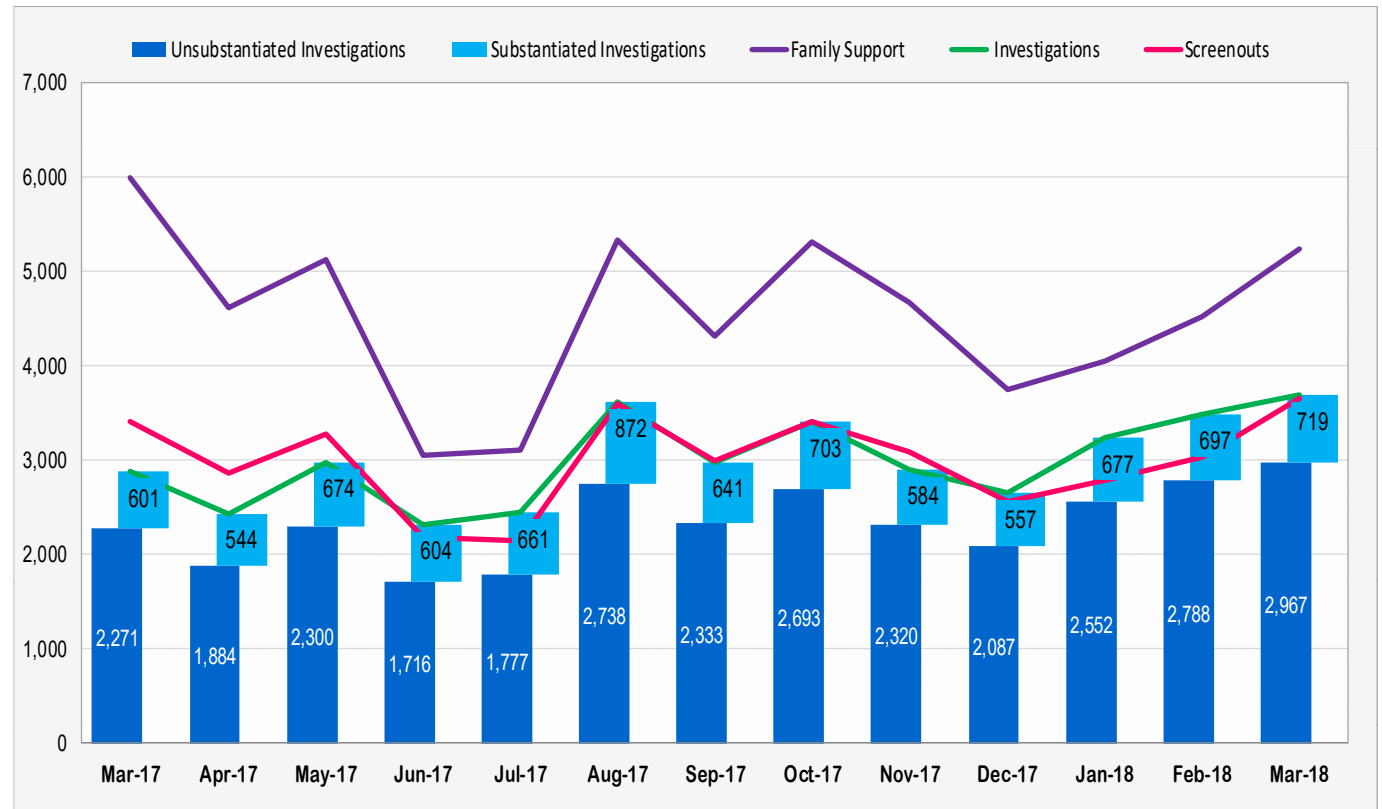

The trend below reveals an increase in the percentage of repeated substantiated incidents of child maltreatment since March 2017. The trend reveals that Georgia has consistently maintained a low recurrence rate below the national standard of 5.4%. However, increases can be seen since October 2017.

DIVISION OF FAMILY & CHILDREN SERVICES

What was the disposition of all CPS reports received during the month ?

Of the CPS cases that had a disposition during the month of March 2018: 41.7% were Family Support; 29% were screen outs; and 29.3% were Investigations. Only 19.5% of Investigations were substantiated. The overall yearly trend shows the number of CPS Dispositions resulting in Family Support cases were higher through March 2018. Dispositions of Screened Out cases, while lower than Family Support were less than investigations from June –August 2017 and from December 2017 - March 2018. Total investigations increased from December 2017 - March 2018 with prior fluctuations of increase in August and October 2017. Comparatively, there were more investigations (28%) and substantiations (20%) in March 2018 than March 2017.

	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18

Outcome V: Number of Children in Placement Services (State Fiscal Year 2018 To Date)

DIVISION OF FAMILY & CHILDREN SERVICES

How many children were in Foster Care under the age of 18?

The number of children in foster care under the age of 18 increased to 14,807 during April 2018. This is 11.5% more than last April 2017.

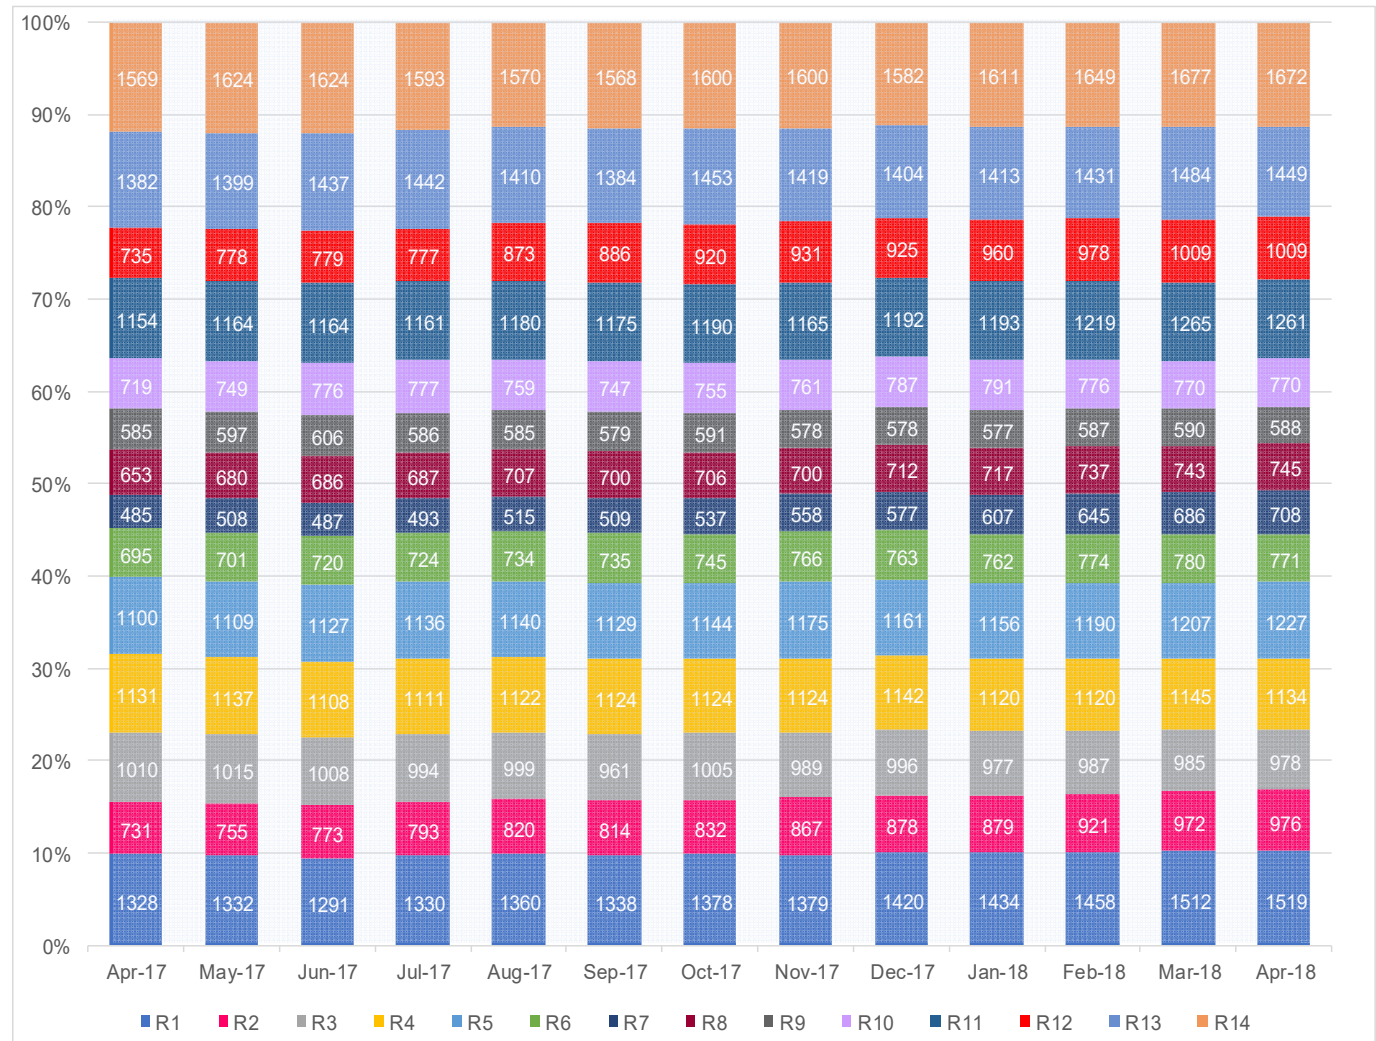

Outcome VI: Children in DFCS Custody Under the Age of 18 (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

How much does each region contribute to the total population of foster children?

The number of children in Foster Care under the age of 18 during April 2018 was 14,807. Visually, you can see that Region 14 has the highest proportion of children in custody at any point in time. During April 2018, Region 14 had 1,672 children in DFCS custody followed by Region 1 with 1,519 children and Region 13 with 1,449 children. (for regional trends, see appendix). Region 13 showed the highest change in population counts from March 2018 to April 2018 (-35) which represented a decrease of 2.4% regionally.

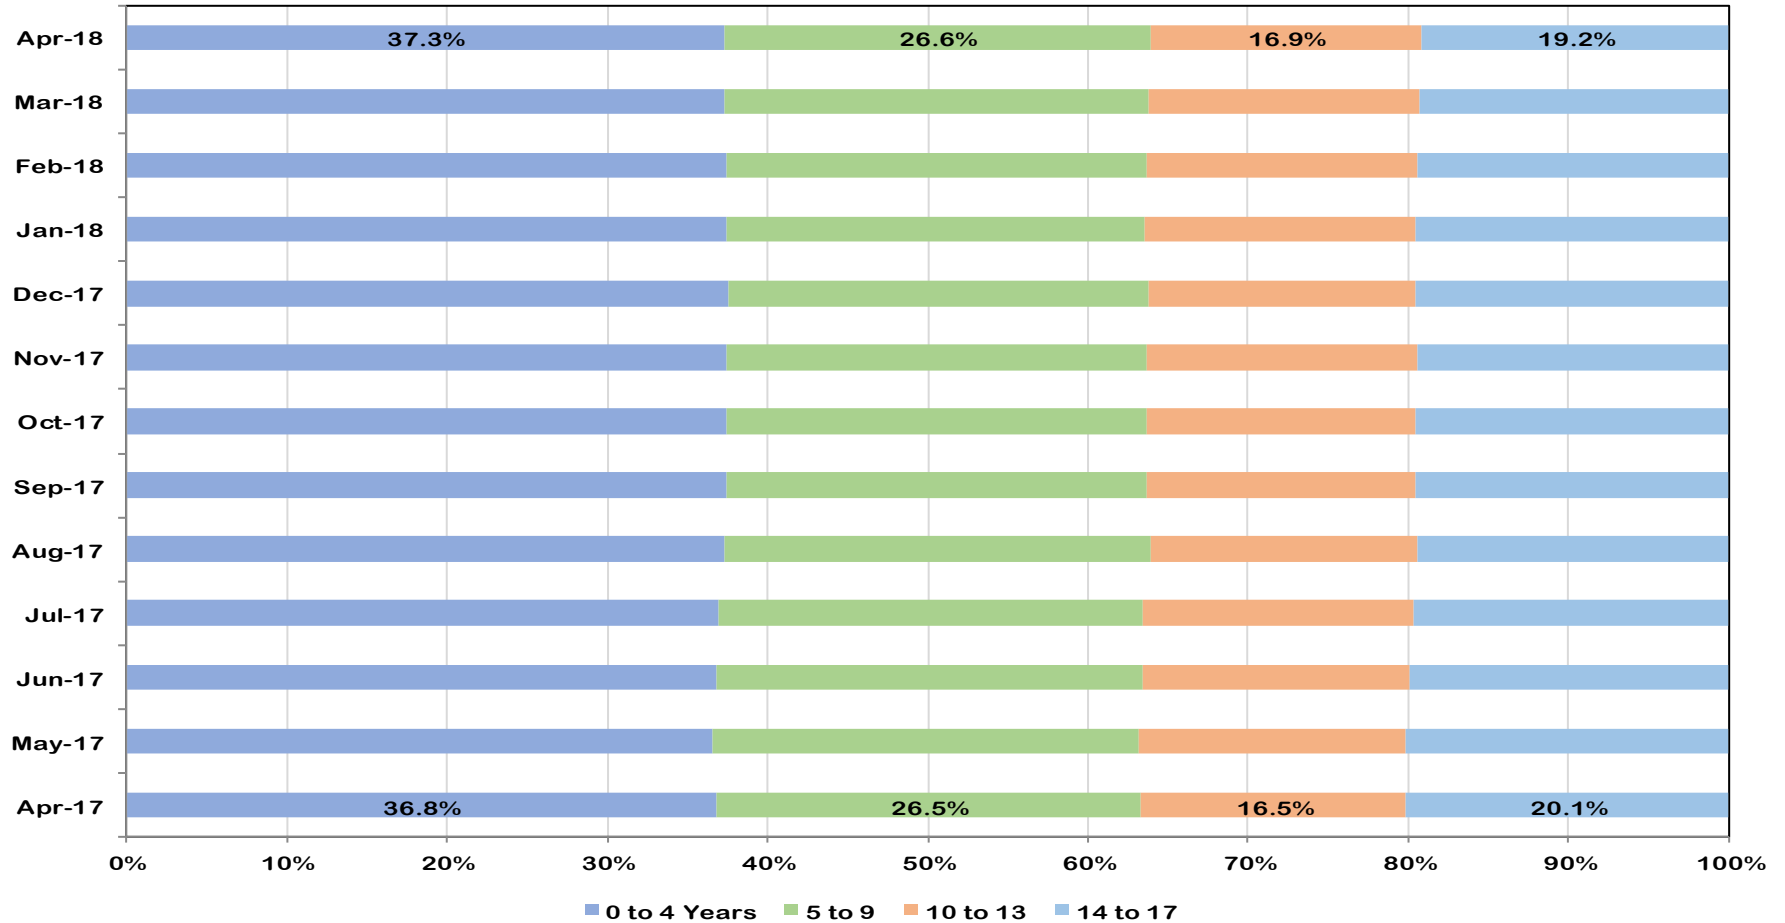

Outcome VI-A: Children in DFCS Custody Under the Age of 18 by Region, (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

Has the age distribution of the foster population changed much over the last year?

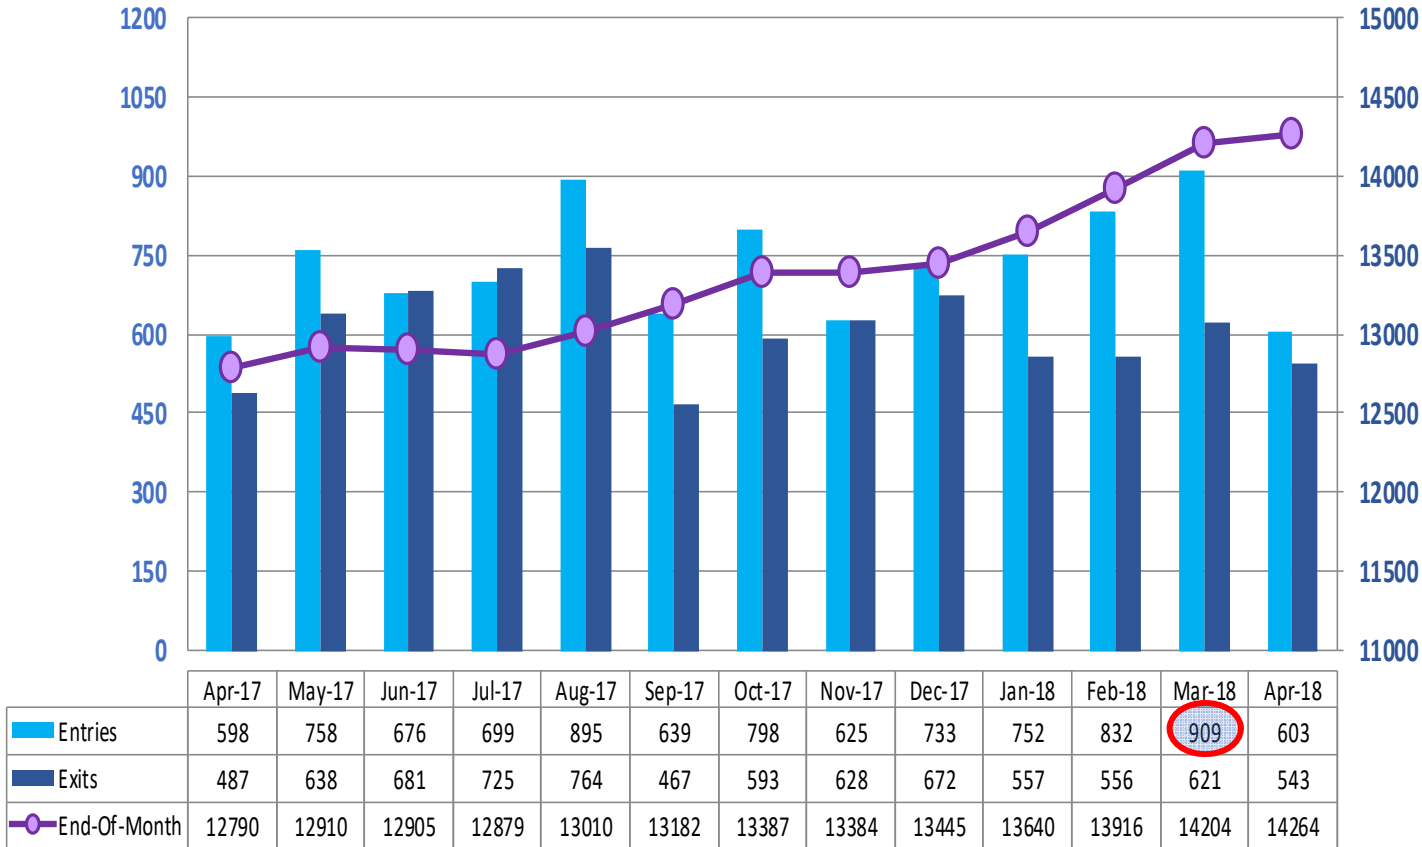

Foster children aged 0 to 4 year old compose the highest percentage of our population during April 2018 of 37.3%.

Outcome VI-B: Children in DFCS Custody Under the Age of 18 by Age Group, (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

How many children are moving in and out of Foster Care? How many remain in care on the last day?

. There was an increase in the number of entries from June 2017 through August 2017 with a drop in September and November followed by increases through March 2018. Exits also increased from May 2017 through August 2017 with a decrease in September and rebounds in October 2017 through December 2017. Reduced exits from January 2018 – April 2018 resulted in an increase in population through the first 4 months in 2018. During April 2018 there was a net gain of 60 children who were brought into foster care versus those who were discharged from foster care. March revealed a 12 month high entry count.

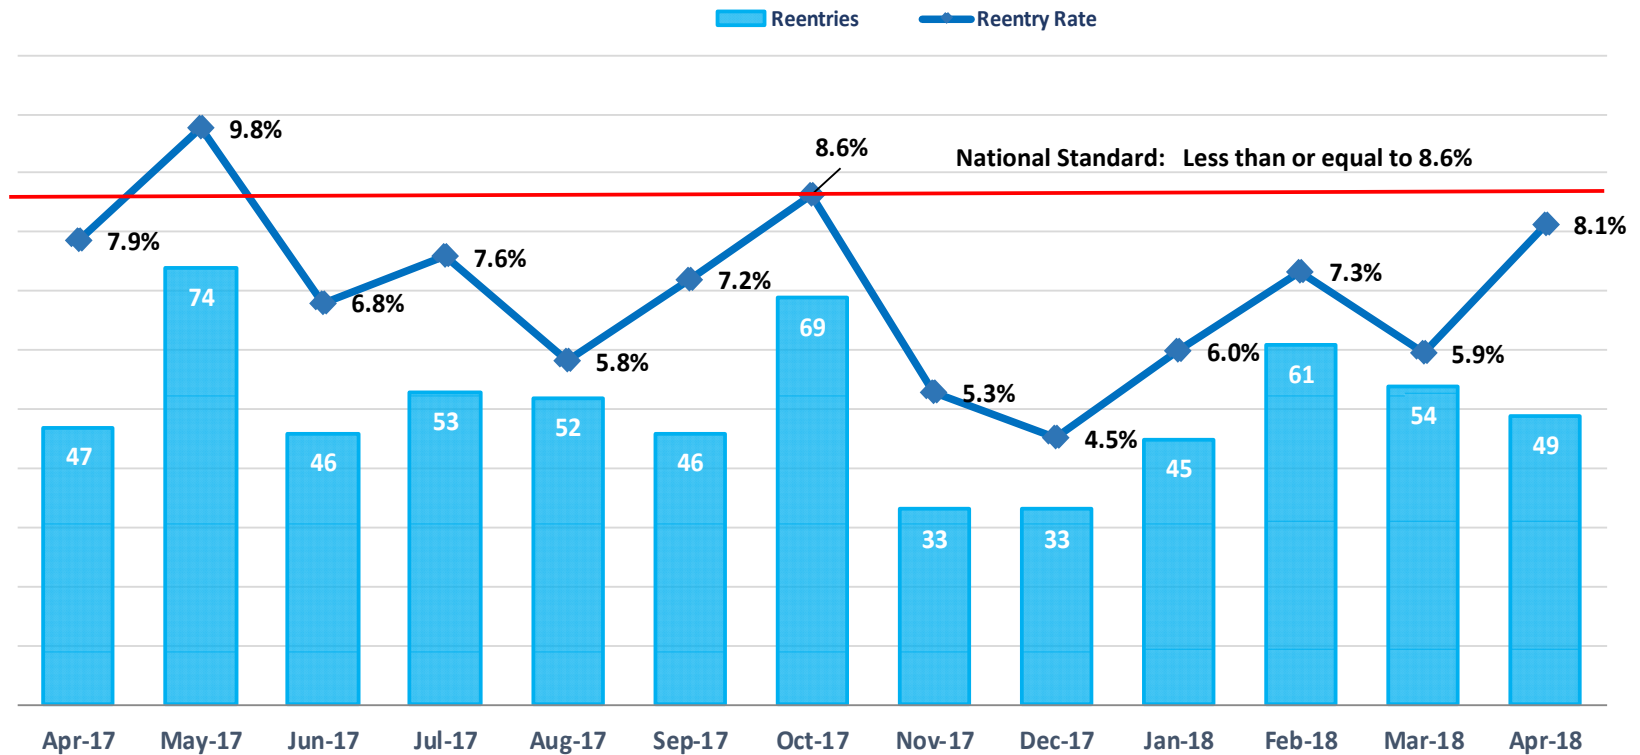

Outcome VII: Comparison of Foster Care Entries and Exits (April 2017 – April 2018)

**Reentries that occur within the same month are not double counted in the entries and exits on this chart. This chart represents unique population and movement into custody during the month.

DIVISION OF FAMILY & CHILDREN SERVICES

How many children were in a prior episode within twelve months of the current episode?

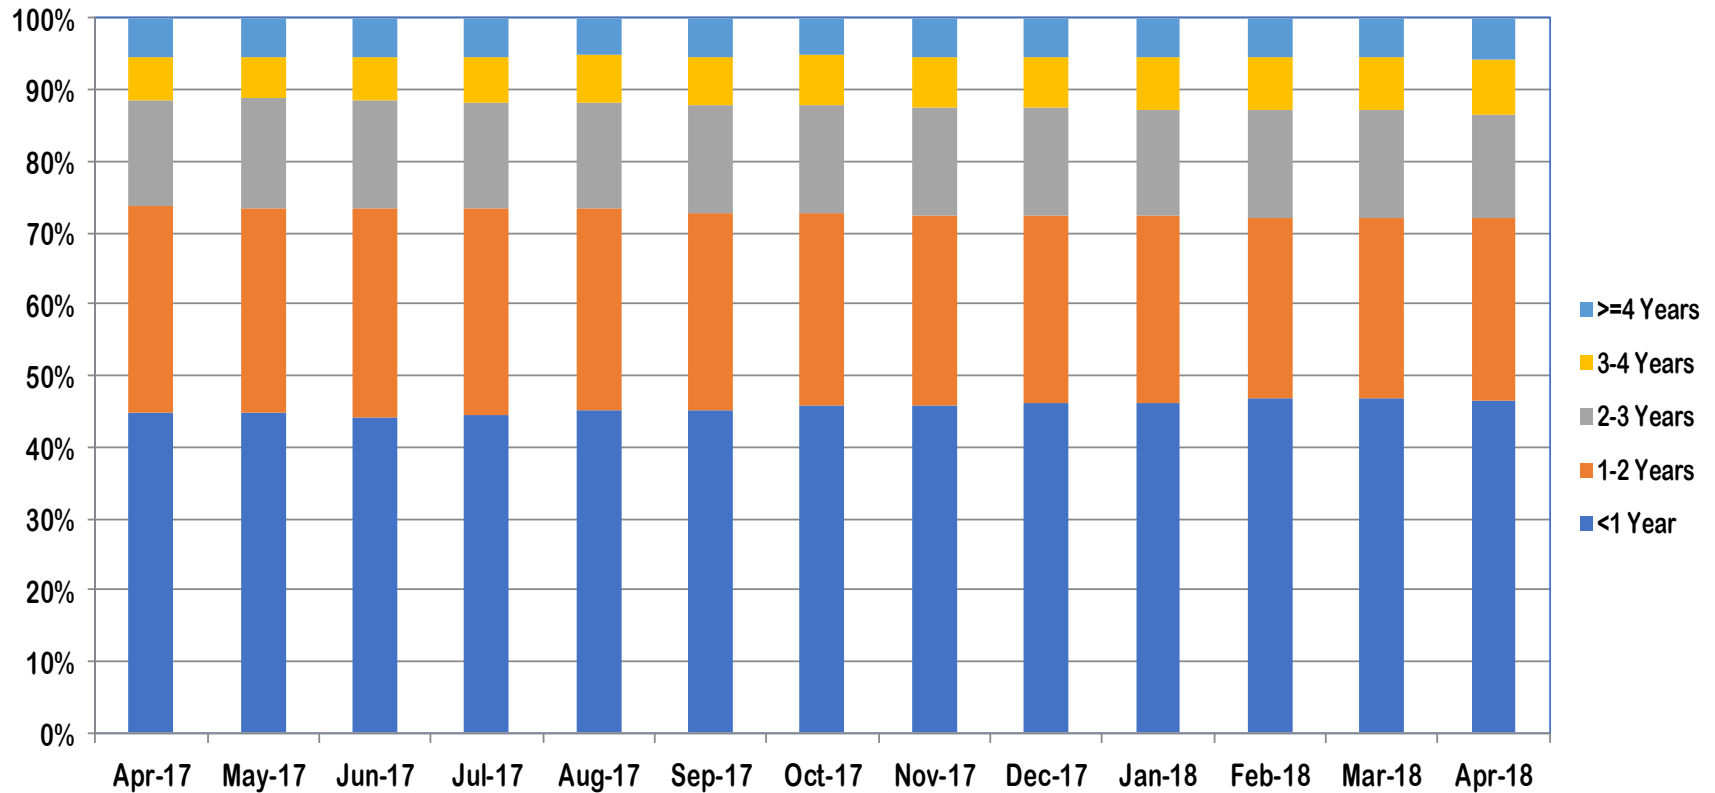

The reentry rates for May 2017 and October 2017 were over the national standard. The re-entry rate for April 2018 (8.1%) increased while the number of reentries decreased. The proportion of re-entries to entries increased during April 2018 compared to April 2017 by .2%.

Outcome VIII: Foster Care Re-Entries (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

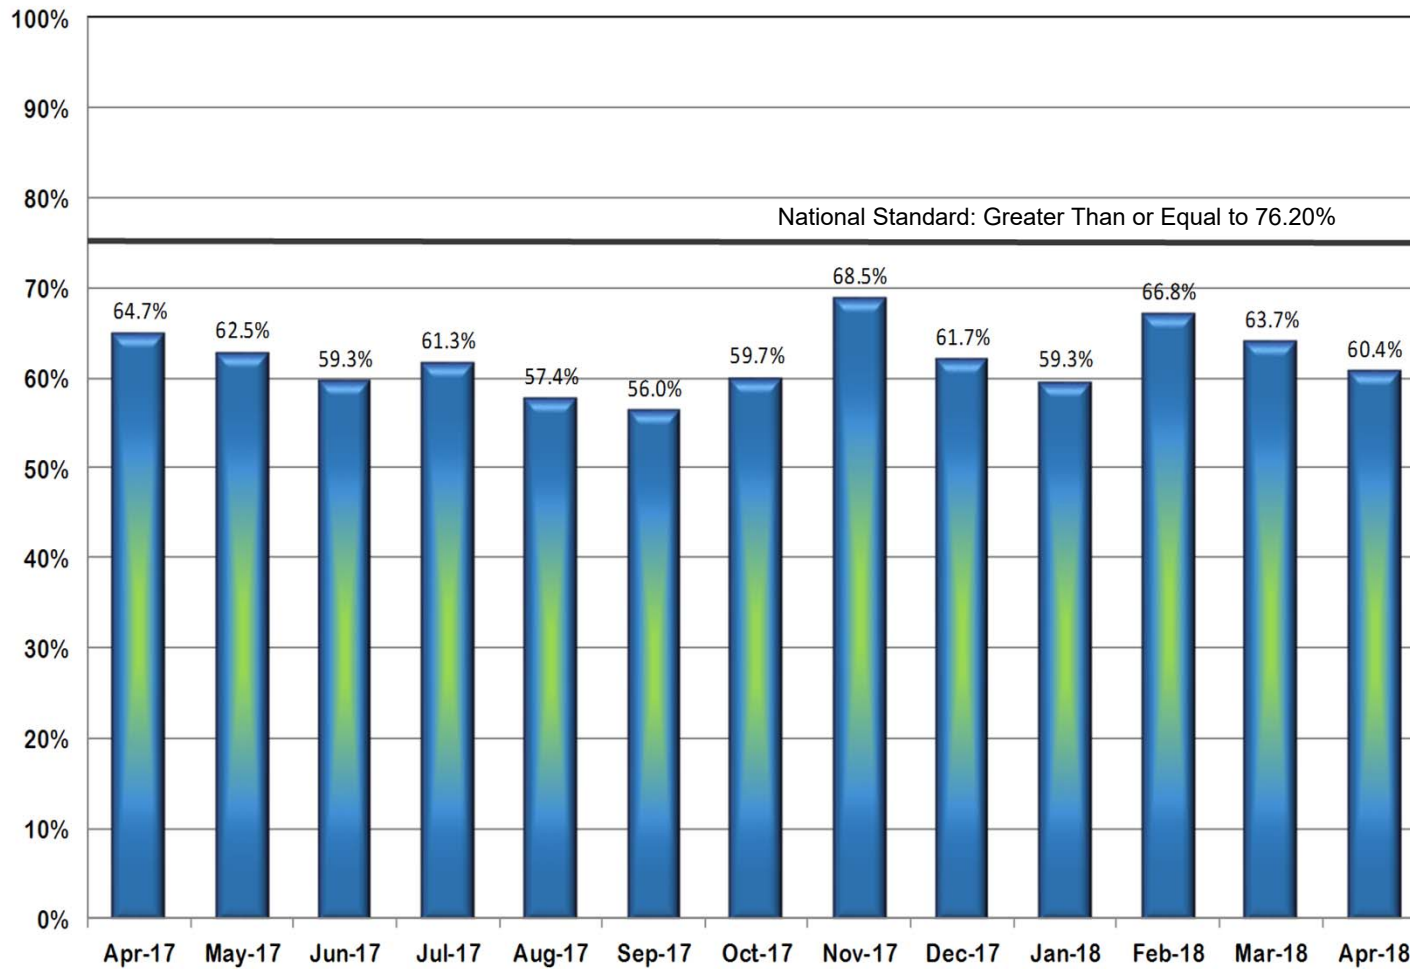

What percentage of foster children have been in care for less than a year, less than 2 years . . . each month?

	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18	Apr-18

DIVISION OF FAMILY & CHILDREN SERVICES

How many children are reunified with their parents within twelve (12) months of entering foster care?

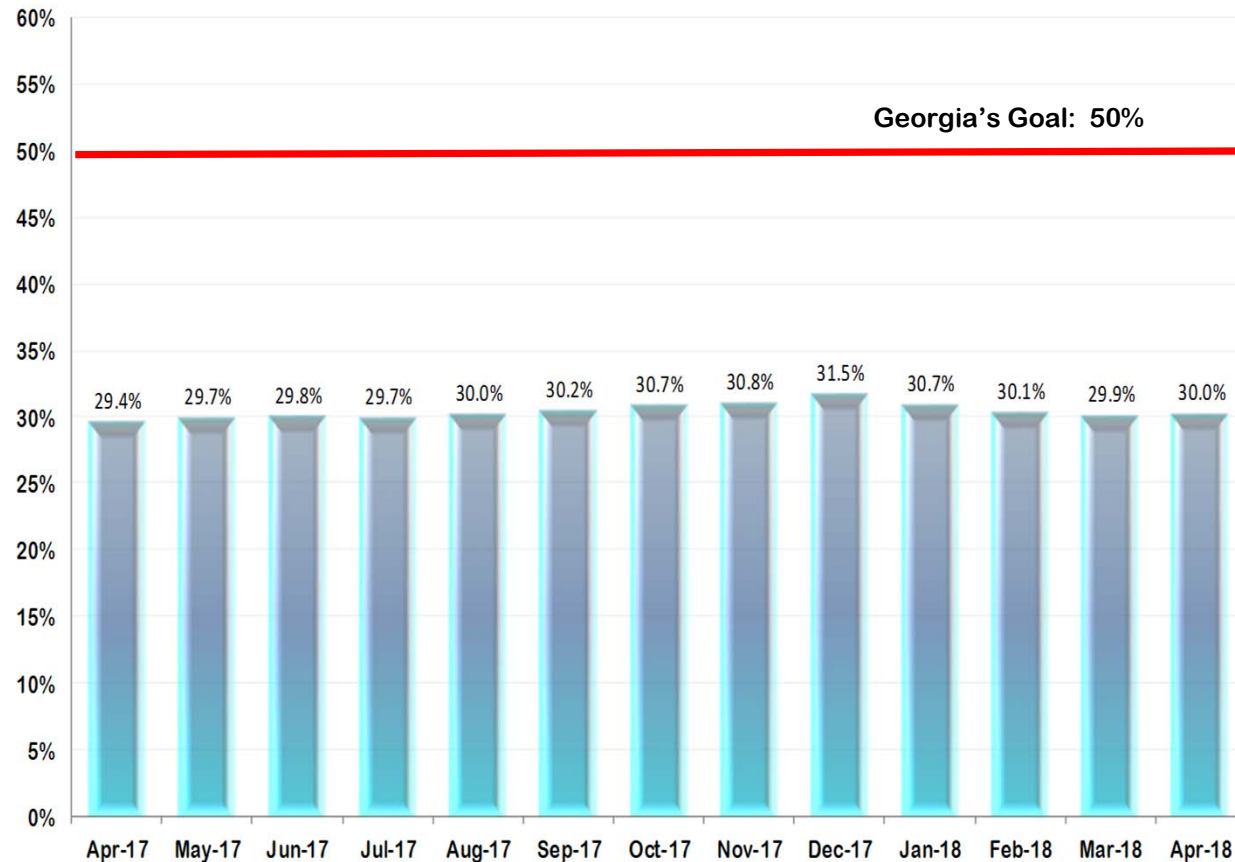

The percentage of foster children who reunified within 12 months decreased from 63.7% in March 2018 to 60.4% in April 2018.

Outcome X: Length of Time to Reunification (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

What percentage of children in Foster Care were placed with a relative during the month?

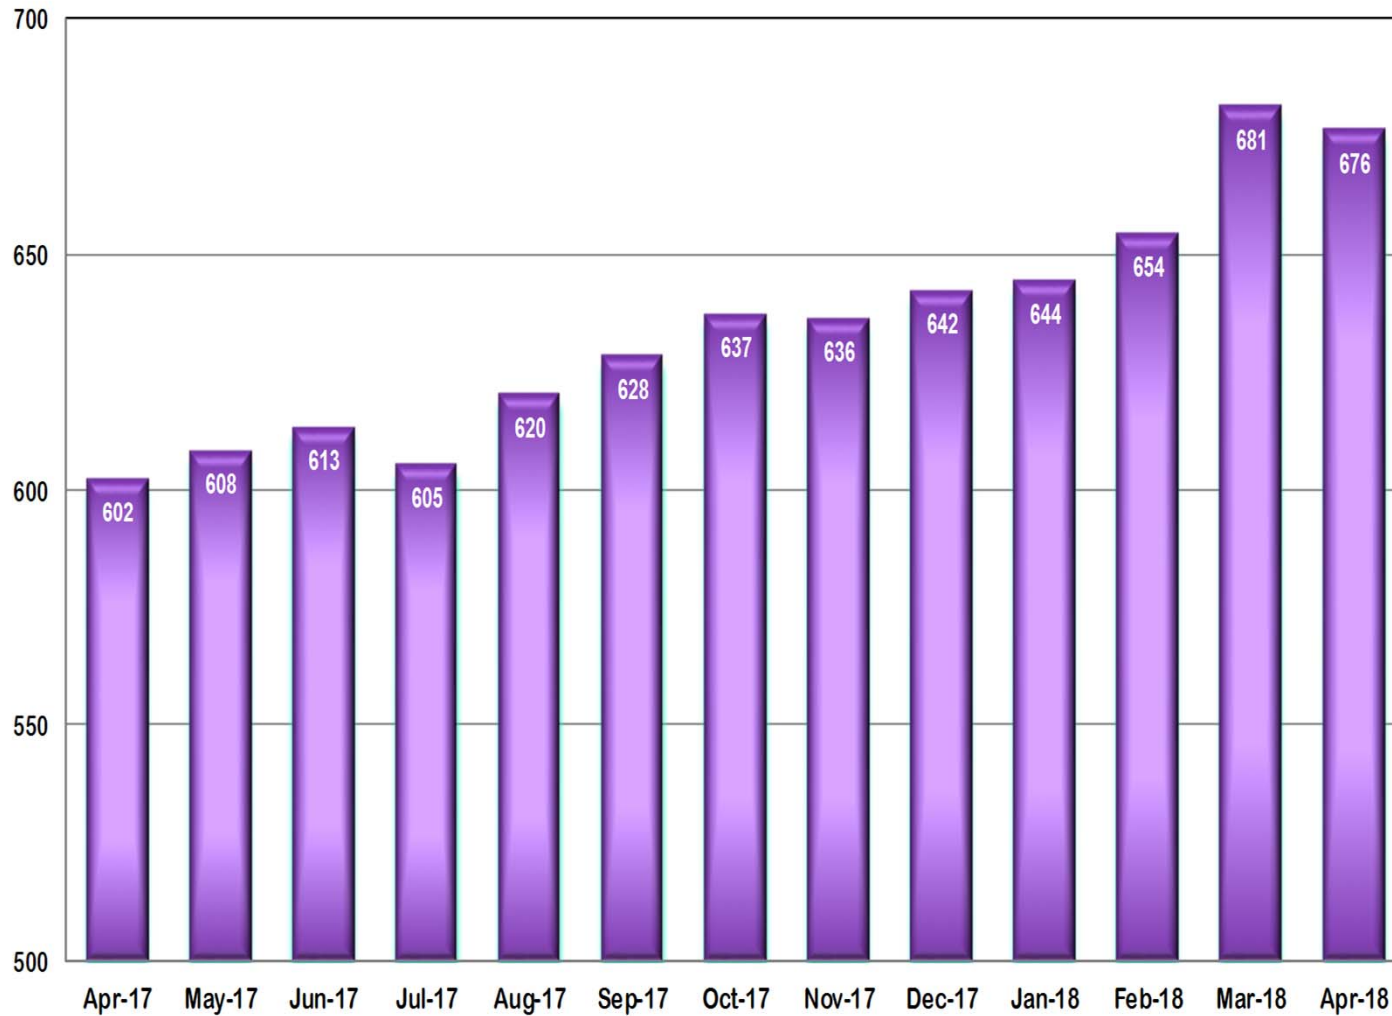

The percentage of children who were in Foster Care that were placed with relatives during the month of March 2018 increased slightly to 30%.

Outcome XI: Percent of Children Placed with Relatives (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

How many children signed themselves back into care after the age of 18?

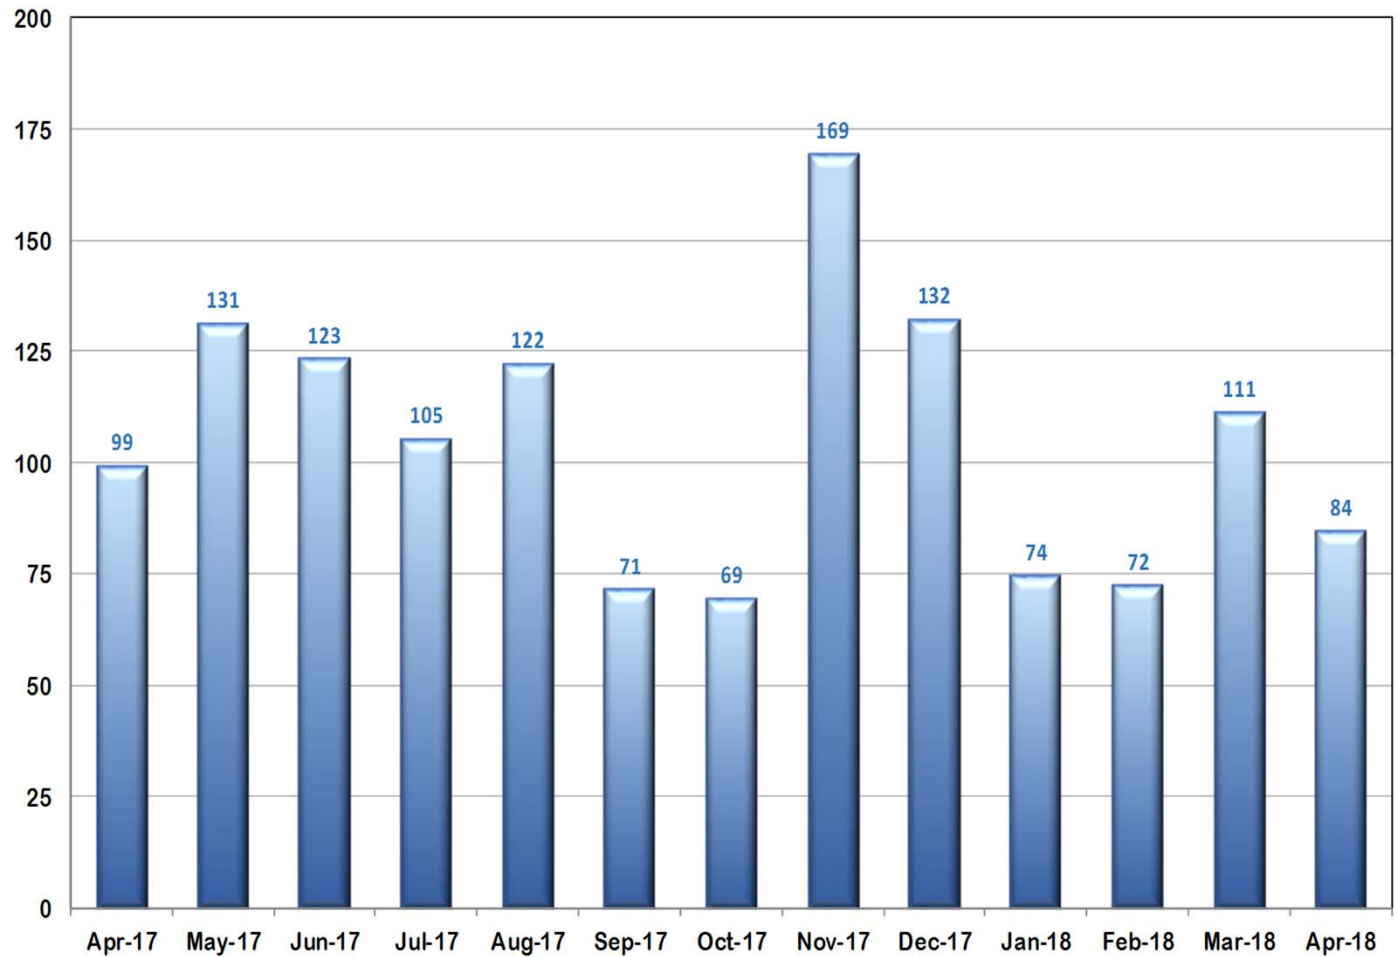

There were 676 children who remained in custody after their 18th birthday during April 2018.

Outcome XII: Extended Youth Services (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

How many children in Foster Care were discharged to a finalized adoption during the month?

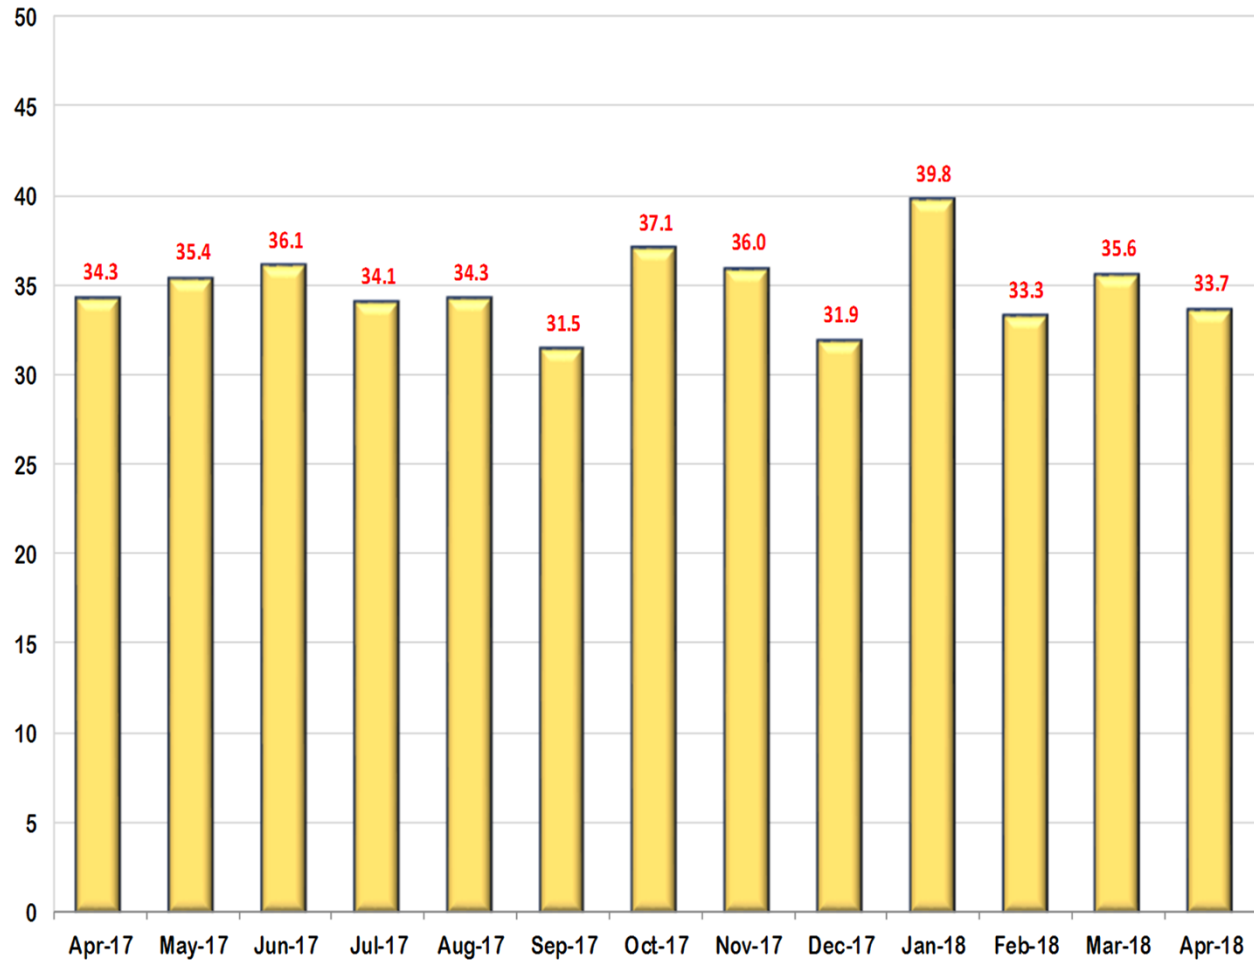

There were 84 foster children adopted during April 2018. This is a decrease of 15% compared to April 2017.

Outcome XIII: Number of Finalized Adoptions (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

What is the average time in months for a foster child to reach finalization?

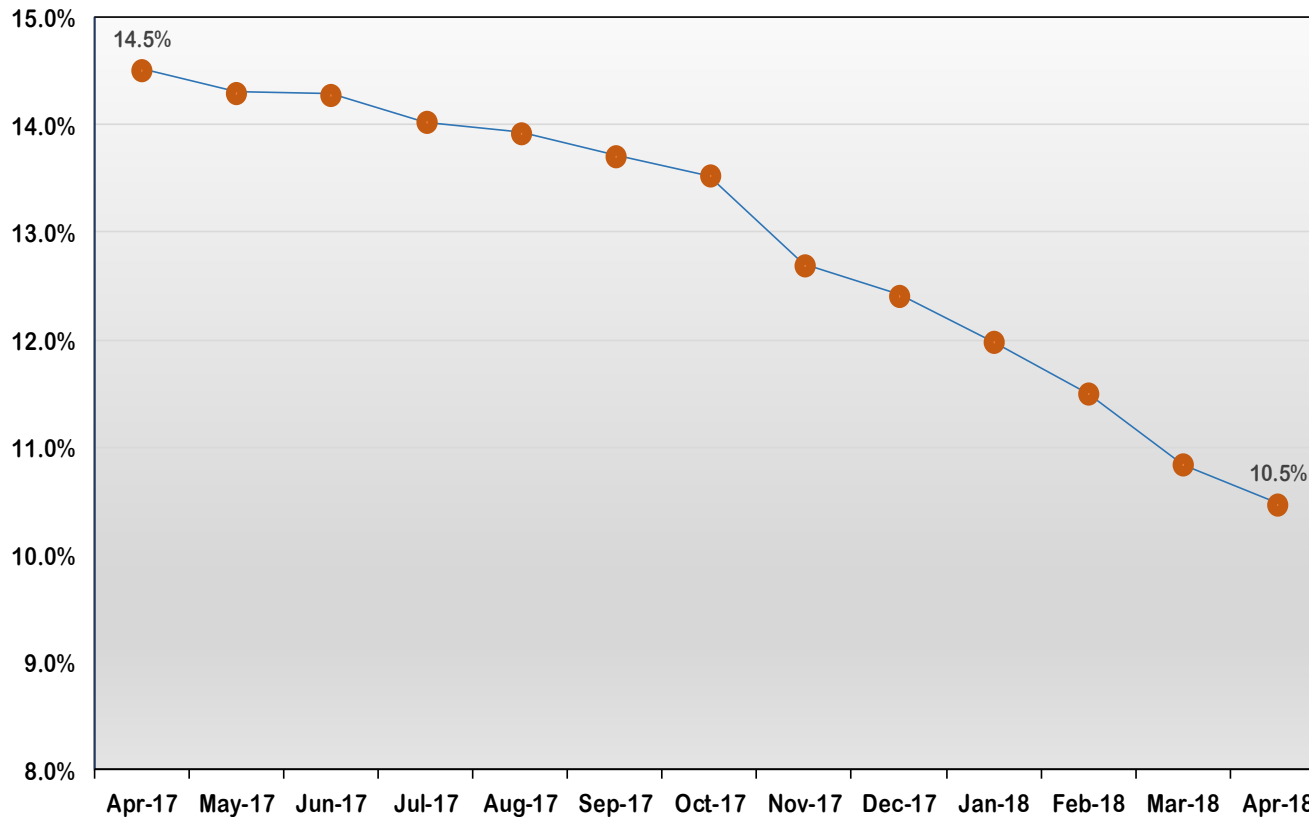

The average time to finalization in April 2017 was higher than the children who finalized in April 2018 by 6 months.

Outcome XIII - A: Number of Finalized Adoptions (April 2017 – April 2018)

DIVISION OF FAMILY & CHILDREN SERVICES

What percentage of children were adoption eligible on the last day of each month?

On the last day in April 2018, there were 1,494 children in permanent custody status. This represented 10.5% of the total population in DFCS Custody.

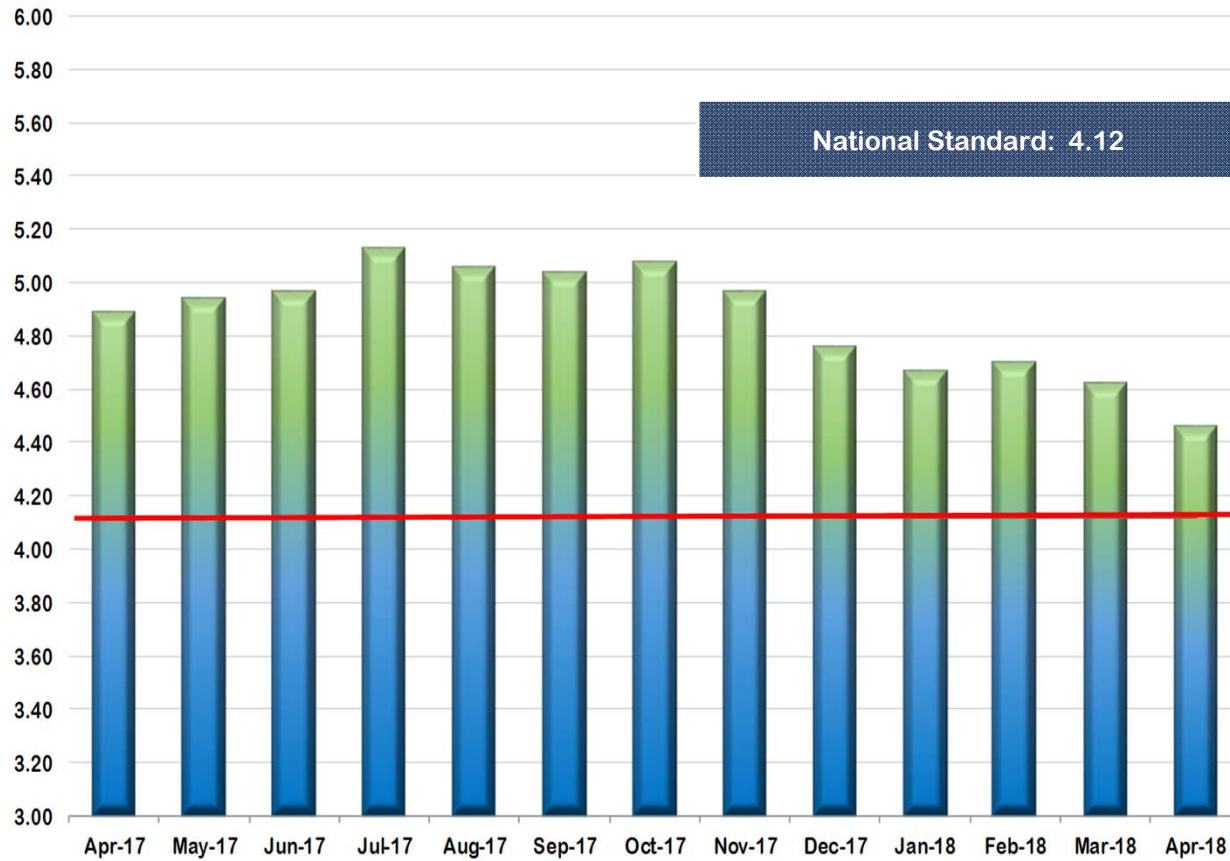

Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18	Apr-18
